

Dear neighbour,

I noticed a cat with the following description wandering on to my property on a few occasions.

Description:

A large, empty rectangular box with a thin black border, intended for the user to provide a detailed description of the cat. The box is currently blank.

If this cat belongs to you, I would appreciate it if you could contain your cat to your property.

You may not be aware that our local Council has initiated a 24-hour cat confinement order, more information about this can be found over the page.

Thank you for your cooperation.

Manningham Council has introduced a 24-hour cat confinement order, to help protect your cat's welfare. This means your pet cat is not allowed outside of your property boundary at any time.

It is a common misconception cats need to roam to maintain good health. In fact, cats kept at home live on average four times longer (Australian Veterinary Association, 2014).

By protecting your cat at home, you are helping to:

- keep your cat safe from disease, vehicles, extreme weather and other cats
- stop cats spreading and contracting disease
- protect our wildlife from cats' predatory behaviour
- improve relationships with your neighbours.

There are lots of ways to make your home an engaging and stimulating place for your cat to be. Those who don't have a backyard might consider training their cat to walk on a leash.
