**MANNINGHAM CITY COUNCIL
MINUTES OF THE COUNCIL MEETING
HELD ON 26 AUGUST 2025 AT 7:00PM
IN COUNCIL CHAMBER, CIVIC CENTRE
699 DONCASTER ROAD, DONCASTER**

The meeting commenced at 7:00pm.

PRESENT:

**Councillor Deirdre Diamante (Mayor)
Councillor Andrew Conlon (Deputy Mayor)
Councillor Peter Bain
Councillor Anna Chen
Councillor Isabella Eltaha
Councillor Geoff Gough
Councillor Jim Grivas
Councillor Carli Lange
Councillor Laura Mayne**

OFFICERS PRESENT:

**Chief Executive Officer, Mr Andrew Day
Director Experience and Capability, Ms Kerryn Paterson
Acting Director City Planning and Liveability, Ms Julia Jenvey
Acting Director City Services, Mr Anton Peiris
Acting Director Connected Communities, Ms Vanessa Bove
Manager Integrity, Ms Carrie Bruce**

1 WELCOME

The Mayor read an opening prayer and statements of acknowledgement.

2 APOLOGIES AND REQUESTS FOR LEAVE OF ABSENCE

There were no apologies.

Leave of absence was sought by Cr Laura Mayne and granted by Council.

COUNCIL RESOLUTION

**MOVED: CR JIM GRIVAS
SECONDED: CR ANNA CHEN**

That Council grant leave of absence to Cr Laura Mayne from her Councillor duties for the period from 17 September 2025 to 20 December 2025 (inclusive).

CARRIED UNANIMOUSLY

3 PRIOR NOTIFICATION OF CONFLICT OF INTEREST

The Mayor noted a written disclosure of conflict of interest was submitted by the Chief Executive Officer. He declared a material conflict of interest for item 13.1 – *Appointment of Independent Advisor to the CEO Employment and Remuneration Committee*, as the matter relates to his employment and remuneration.

The Chair asked if there were any further disclosures of conflict of interest in any item listed on the Council Agenda. No further disclosures were made.

4 CONFIRMATION OF MINUTES

COUNCIL RESOLUTION

MOVED: CR PETER BAIN
SECONDED: CR ISABELLA ELTAHA

That the Minutes of the Council Meeting held on 22 July 2025 and the Council Meeting held on 31 July 2025 be confirmed.

CARRIED UNANIMOUSLY

5 PRESENTATIONS

5.1 Motion of Condolence: Passing of Very Reverend Father Elias Kentrotis

The Mayor expressed her deep sadness at the recent passing of Father Elias Kentrotis of the Greek Orthodox Parish of St Haralambos Templestowe and Doncaster.

Father Elias faithfully served the Holy Church for 49 years, including 37 years as the founding priest of St Haralambos in Templestowe. The Mayor highlighted his unwavering dedication, kindness and leadership has touched many in our community. The Mayor extended condolences to the community, honouring his lasting legacy of faith, wisdom and love.

COUNCIL RESOLUTION

MOVED: CR JIM GRIVAS
SECONDED: CR ISABELLA ELTAHA

That Council:

- 1. place on record its sadness at the recent passing of Very Reverend Father Elias;**
- 2. record its appreciation for the contribution by Father Elias to the Manningham community; and**
- 3. extend its sympathy and condolences to Father Elias' family during this difficult time.**

CARRIED UNANIMOUSLY

5.2 King's Birthday 2025 Honour Award Recipients

The Mayor acknowledged and congratulated Manningham residents who were awarded King's Birthday Honours 2025:

- Ms Karen Milward was recognised for significant service to Indigenous advocacy and reconciliation; and
- Mr Sietze Waterham was recognised for service to the community through charitable organisations.

5.3 Staff Service Awards

The Mayor acknowledged several Council officers who recently celebrated significant service milestones at Manningham. Their dedication and long-standing contributions to the organisation were recognised and appreciated.

20 years of service

- Richard "Rick" Ainsworth – Sustainable Maintenance Team
- Brian Dawber – Management Accounting Team
- Simone Smith – Capital Works Team

25 years of service

- Fiona Correlje – Rates and Valuations Team
- Debroah Maclaren – Environmental Health Team
- Sharon Peters – Community Projects and Planning Team
- Sarwan Singh – City Compliance Team

30 years of service

- Zac Anver – Community Projects and Planning Team

35 years of Service

- Jason Kerr – Sustainable Maintenance Team

6 PETITIONS

6.1 Pedestrian Safety Measures and Wildlife Protection on Porter Street, Templestowe

COUNCIL RESOLUTION

MOVED: CR ISABELLA ELTAHA
SECONDED: CR LAURA MAYNE

That the Petition with 71 signatories requesting Council to take various traffic measures regarding pedestrian safety and wildlife protection on Porter Street, Templestowe be tabled and referred to the relevant officer for response.

CARRIED UNANIMOUSLY

The Mayor noted in accordance with sub rule 58.9 of the Governance Rules, the written responses to the petitions listed below are attached on the following pages.

- Opposition to the location of the proposed construction of a water pressure reducing station at Timber Ridge Reserve
- Installation of Public Toilets at Park Orchards Village

Petition Name	Opposition to the location of the proposed construction of a water pressure reducing station at Timber Ridge Reserve
Council Meeting Date	30 June 2025
Council Meeting Item Number	Item 6.1
Response Date	21 July 2025 via correspondence (attached below)

Return Address:
PO Box 1
DONCASTER
VIC 3108

21 July 2025

Dear [REDACTED]

Re: Petition to Manningham City Council – Community Objection to Proposed Location of the Water Pressure Reducing Station at Timber Reserve

I am writing in response to your petition which was tabled at the Council Meeting on 30 June 2025.

I acknowledge the community concerns and objections to the proposed location of a Yarra Valley Water pressure reducing station at Timber Reserve, which is required to be relocated due to the North East Link Project.

Since reviewing the petition, Council has requested Yarra Valley Water and the North East Link Project to undertake some additional consultation to help to determine the most suitable location from two available options at Timber Reserve.

We have asked:

1. that the timeframes for acquisition and project delivery be reviewed to enable a more fulsome consultation with affected residents and stakeholders.
2. that a factsheet with visuals is developed to inform community and stakeholders on the size and scale of the plant, and that this is distributed to stakeholders and surrounding streets.
3. that the final decision on the location of the pressure reducing station:
 - a. minimises impact on surrounding residential properties users and sports groups.
 - b. minimises the visual impact by incorporating plantings.
 - c. minimises the impact on options to improve the Reserve to accommodate future active recreation demand and passive open space requirements as well as the provision of a new pavilion, noting that a Council master planning process is currently underway.

In the coming weeks, we expect you will hear more from Yarra Valley Water and the North East Link Project as they seek to conduct this further round of requested consultation. We encourage you and your fellow petitioners to engage with this consultation.

Petition Name	Installation of Public Toilets at Park Orchards Village
Council Meeting Date	22 July 2025
Council Meeting Item Number	Item 6.1
Response Date	7 August 2025 via email (attached below)

From: Julia Jenvey [REDACTED]
 Sent: Thursday, 7 August 2025 11:38 AM
 To: PORA Admin [REDACTED]
 Subject: RE: Park Orchards Community Hall REF: MC1033798

Dear PORA Committee,

Thank you for your petition regarding the lack of public toilets within the village of Park Orchards.

We understand your preference for the toilets to be located within Park Orchards Village Shop precinct. Council Officers have spent considerable time researching suitable options that meet accessibility and crime prevention through environmental design (CPTED) criteria as well as the need for power, sewerage and water services. Unfortunately, we have been unable to find a suitable location at the Hopetoun /Park Road shops on any land that is owned or managed by Council due to limited sufficient space to install a public toilet facility.

The Public Toilet Plan 2021 recommends that public toilets should be provided "At all district open spaces, as designated in the Open Space Strategy 2014, that support sports grounds or diverse recreational facilities." Therefore, Park Orchards Reserve as a district open space, is identified in the Public Toilet Plan as a site for a new public toilet facility to service this community. Unfortunately, we are not confident that there is a suitable location for a stand-alone toilet within Park Orchards Reserve and as yet this location is still unresolved.

The proposed redevelopment of the Park Orchards Community House and Learning Centre will provide an ideal opportunity to provide new externally facing public toilet facilities contained within the building footprint. The externally facing public toilets will be in addition to internal toilets which will be provided for staff and visitors to the Centre. Located approximately 150m from the shops and with frontage to Park Road, public toilets at the Park Orchards Community House and Learning Centre will be able to adequately service the township as well as Park Orchards Reserve, and the school on market days.

As you identify, budget is available in the 2025/26 and 2026/27 financial years to complete concept and detailed design for the new Park Orchards Community House and Learning Centre (including externally facing public toilets). Implementation will be subject to available funding which is yet to be confirmed.

Kind Regards,

Julia

Julia Jenvey she/her
 Manager Integrated Planning
 Manningham Council

Manningham Civic Centre
 699 Doncaster Road (PO Box1) Doncaster Victoria, 3108

Council acknowledges the Wurundjeri Woi-wurrung people as the Traditional Owners of the land and waterways now known as Manningham and encourages reconciliation between all.

7 PUBLIC QUESTION TIME

7.1 Lau, Doncaster

- Q1 Given that no protection work notice has been issued and affected adjoining owners have not been consulted, how did the council or the relevant building surveyor approve the demolition works at 2 Frederick Street?

Ms Julia Jenvey, Acting Director City Planning & Liveability thanked the resident for their question and reported that in Victoria, demolition works are regulated under the Building Act 1993 and the Building Regulations 2018. In this instance, demolition works at 2 Frederick Street, Doncaster only require a building permit. These permits are issued by registered private building surveyors.

For demolition works, protection work notices are generally not required however it is the responsibility of the registered private building surveyor to determine if one is required to protect adjoining properties.

- Q2 As the council's delay in responding to the planning permit allowed the developer to secure approval via VCAT, what specific steps will the council now take to ensure proper enforcement of environmental and safety obligations, including dust suppression and clean-up, and who will be held responsible for the damage already caused?

Ms Jenvey reported that planning application PLN24/0017 was considered by the Victorian Civil and Administrative Tribunal (VCAT), which determined to issue a planning permit subject to conditions.

The planning permit, issued on 16 October 2024, includes a total of 40 conditions that the developer is required to comply with. Notably, Condition 11 of the permit requires the submission of a detailed Construction Management Plan (CMP) addressing key matters such as:

- Public Safety, Amenity and Site Security,*
- Operating Hours, Noise and Vibration Controls,*
- Air Quality and Dust Management,*
- Stormwater and Sediment Control and Tree Protection,*
- Waste Minimisation and*
- Traffic and Parking Management.*

It has been identified that demolition works commenced prior to the submission and assessment of the CMP. Our compliance officers are currently investigating this matter. We will continue to engage with the relevant parties affected and undertake any necessary enforcement actions in accordance with statutory requirements.

7.2 J Arena, Doncaster

Q1 Regarding the Manningham Men's Shed. What have/is the council doing to secure a new premise?

Q2 What is the timeframe has been allocated for relocation?

Ms Vanessa Bove, Acting Director Connected Communities thanked the resident for his question and responded that a needs assessment was recently completed to understand the current and future needs of Men's Sheds in our community. As part of this work, current providers, including the Manningham Men's Shed, were consulted. This process identified the need to find a suitable home for the Manningham Men's Shed. Detailed investigations into several possible sites are now underway to determine the most suitable location based on the Shed's needs.

These investigations will continue during this financial year. The findings will help inform a future capital budget proposal for developing or improving a new facility. We will continue to work closely with the Manningham Men's Shed throughout this process. Officers will be in touch to arrange a meeting with Shed representatives. In the meantime, the condition of the current facility will continue to be monitored.

8 ADMISSION OF URGENT BUSINESS

There were no items of Urgent Business.

9 PLANNING PERMIT APPLICATIONS

There were no Planning Permit Applications requiring a decision of Council this month.

10 CITY PLANNING AND LIVEABILITY

10.1 Statutory Planning Application Activity Quarter 4 (April to June 2025)

File Number: IN25/585
Responsible Director: Acting Director City Planning & Liveability
Attachments: Nil

PURPOSE OF REPORT

This report is to provide Council with a general performance overview for Quarter 4 (Q4) of Statutory Planning application activities, as required by Chief Executive Officer (CEO) KPI 2024-2025.

EXECUTIVE SUMMARY

This report details the performance of the Statutory Planning team in assessing and determining Planning Permit Applications for Quarter 4 (Q4) covering April to June 2025.

COUNCIL RESOLUTION

MOVED: CR ANNA CHEN
SECONDED: CR GEOFF GOUGH

That Council note the Statutory Planning Application Activities for Quarter 4 (April to June 2025).

PROCEDURAL MOTION

MOVED: CR CARLI LANGE
SECONDED: CR ISABELLA ELTAHA

That Councillor Gough be permitted an extension of time to speak in accordance with sub rule 34.6 of the Governance Rules.

CARRIED UNANIMOUSLY

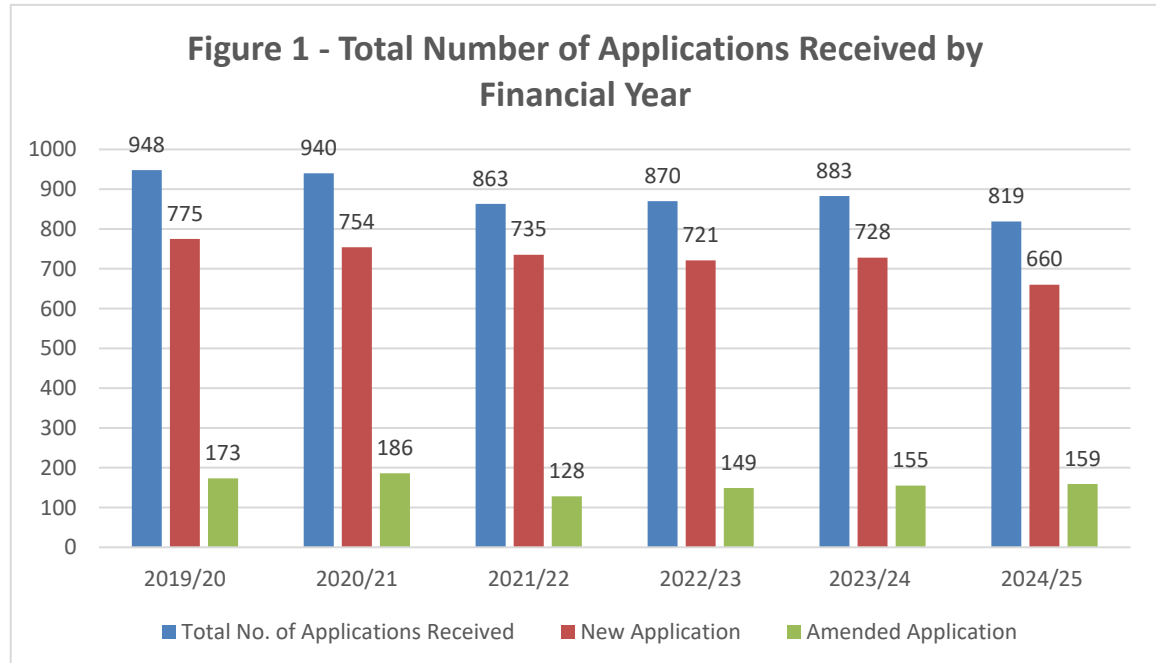

THE SUBSTANTIVE MOTION WAS PUT AND CARRIED UNANIMOUSLY

2. BACKGROUND

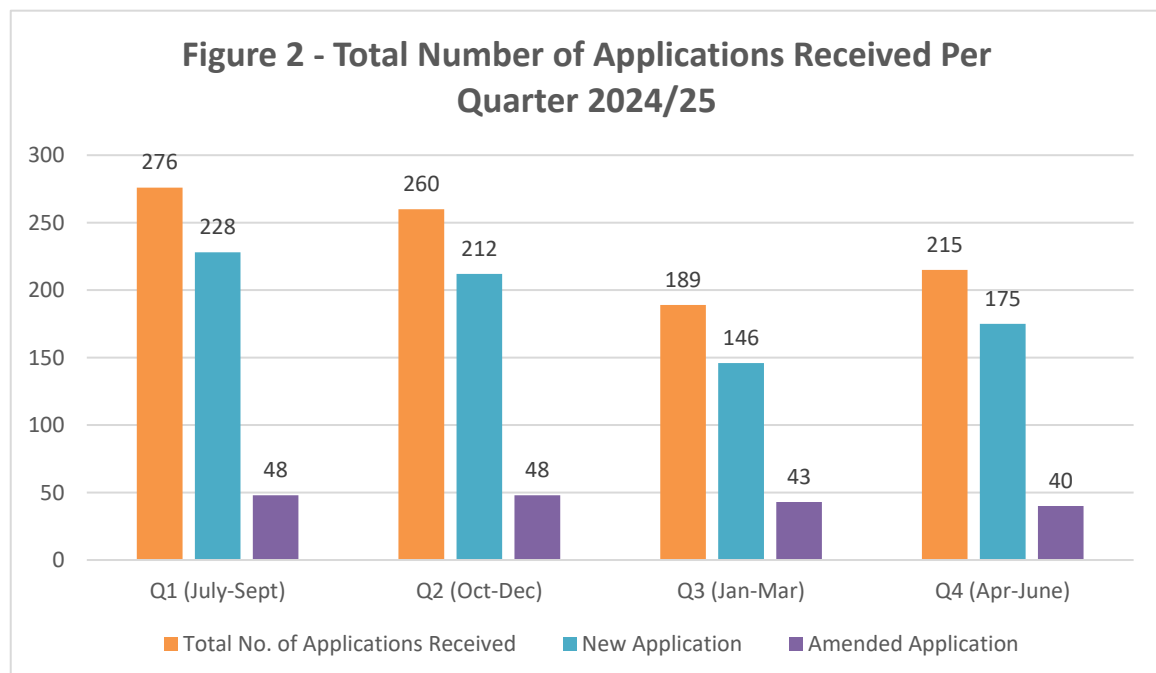

- 2.1 This report delivers on a CEO KPI, following Council's ongoing focus and interest in the performance of the Statutory Planning team and the assessment of planning applications.

3. DISCUSSION / ISSUE

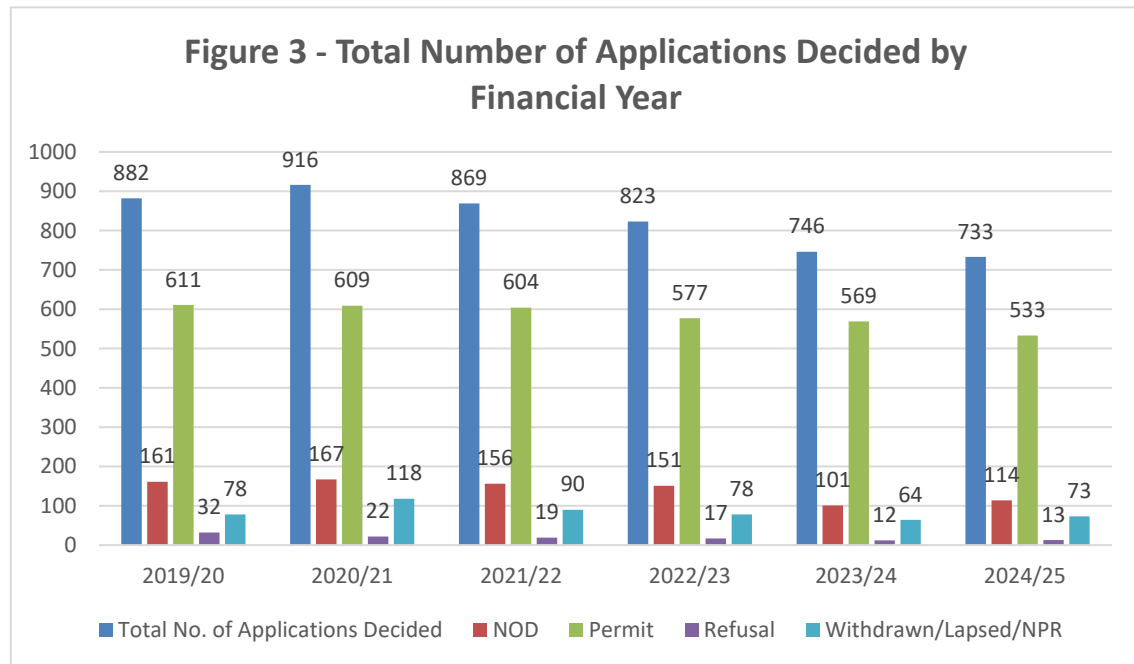

- 3.1 Figure 1 illustrates the total number of planning applications received each financial year. A total of 819 planning applications were received for the 2024/25 financial year. Overall, this figure is slightly lower than the previous financial year of 883 applications received.

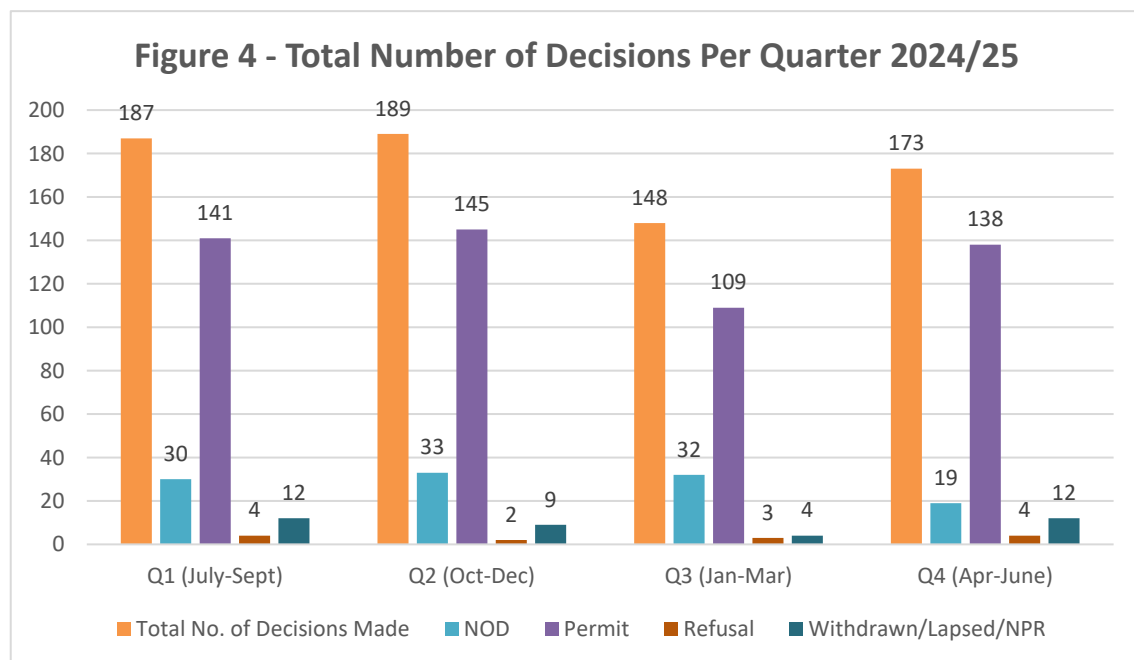

- 3.2 In Q4, a total of 215 planning applications were submitted to Council (Figure 2).

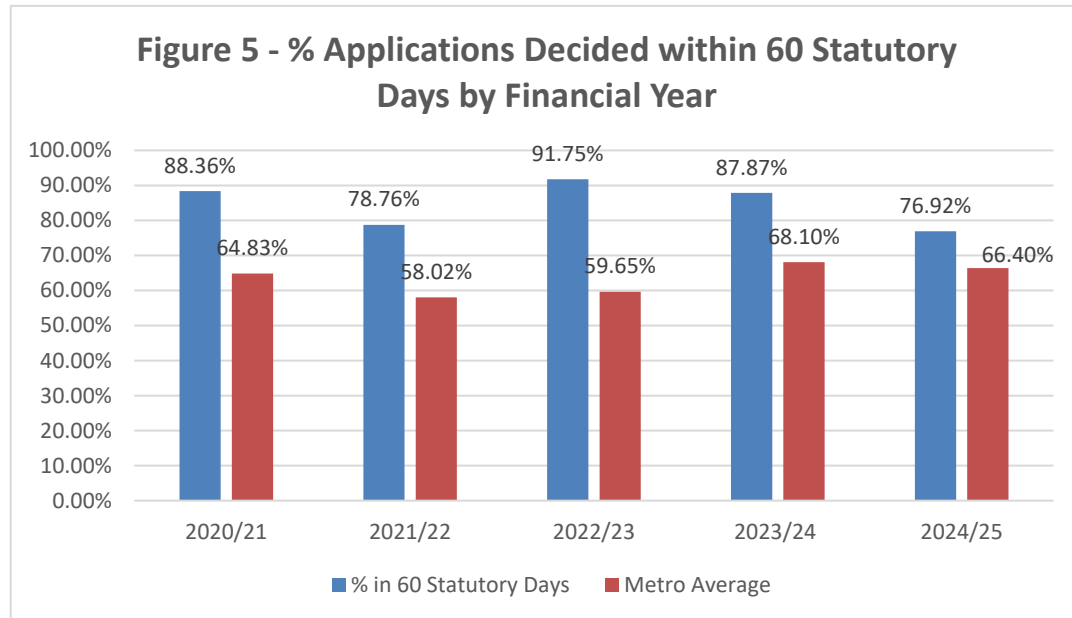

- 3.3 Figure 3 highlights the total number of planning applications decided each financial year. A total of 733 applications have been decided for the 2024/25 financial year, noting that refusals made up 1.77% of all decisions.

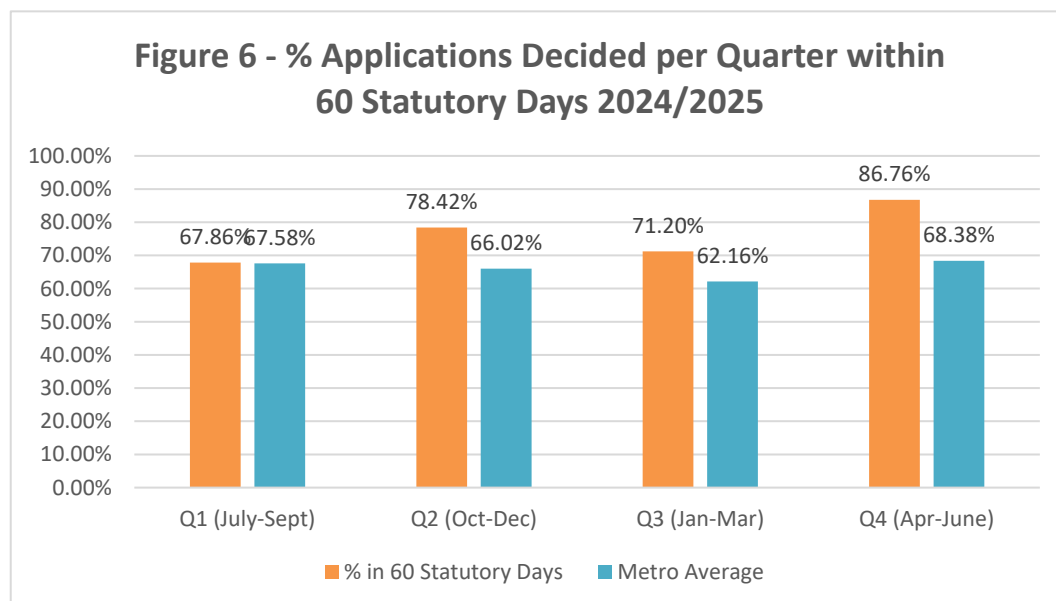

- 3.4 For Q4, a total of 173 applications were decided. 138 planning permits were issued, 19 Notice of Decision to Grant a Planning Permit (NOD's) and 4 refusals, noting that refusals equate to only 2% of all decisions made for this quarter (Figure 4).

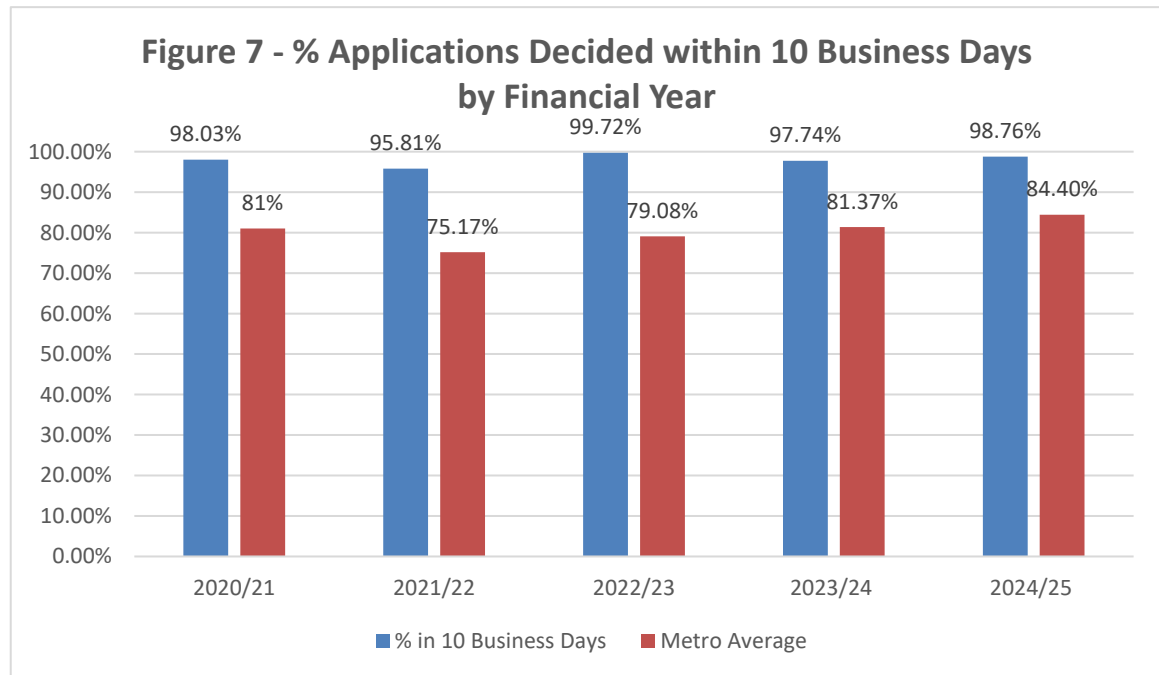

- 3.5 Manningham continues to process planning applications in a timely manner above the metropolitan average. To date, 76.92% of standard stream planning applications were decided with 60 statutory days in comparison to the metropolitan average of 66.4% (Figure 5). For Manningham, this equates to 440 out of 572 applications processed within time.

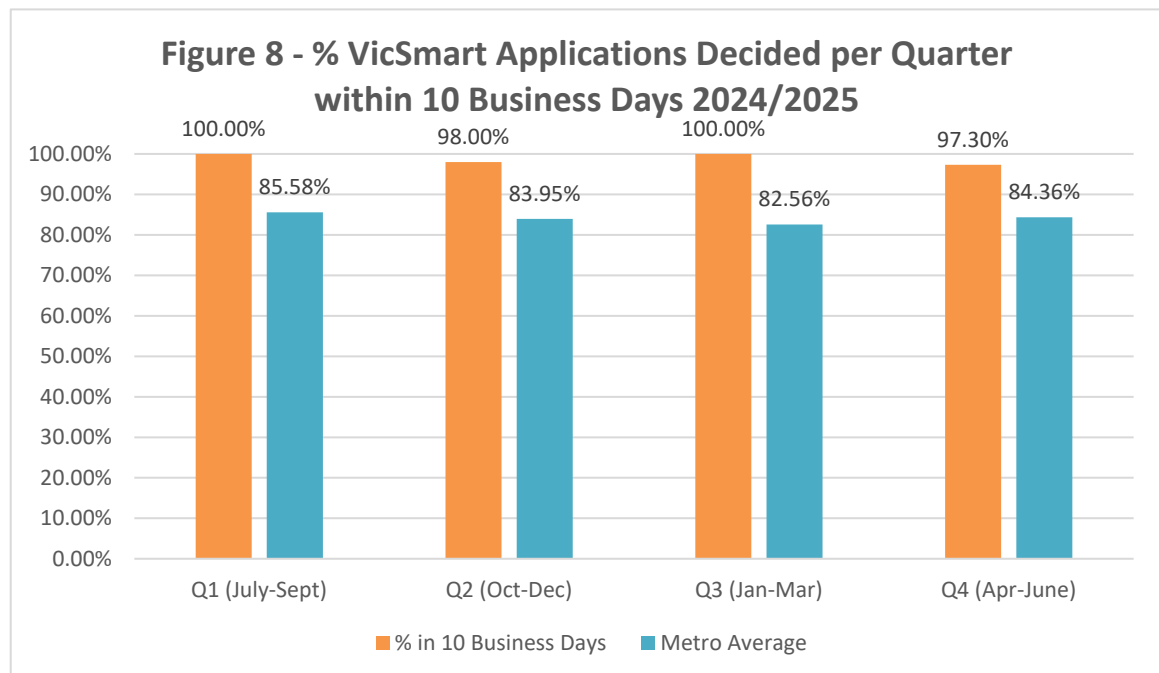

- 3.6 For Q4, a total of 86.76% of applications were determined within 60 statutory days which continues to be above the metropolitan average of 68.38% (Figure 6). For Manningham, this equates to 118 out of 136 applications processed within time. The improvement in application processing times this quarter is largely attributable to officers returning to their substantive roles. This has positively impacted the timeliness of applications determined.

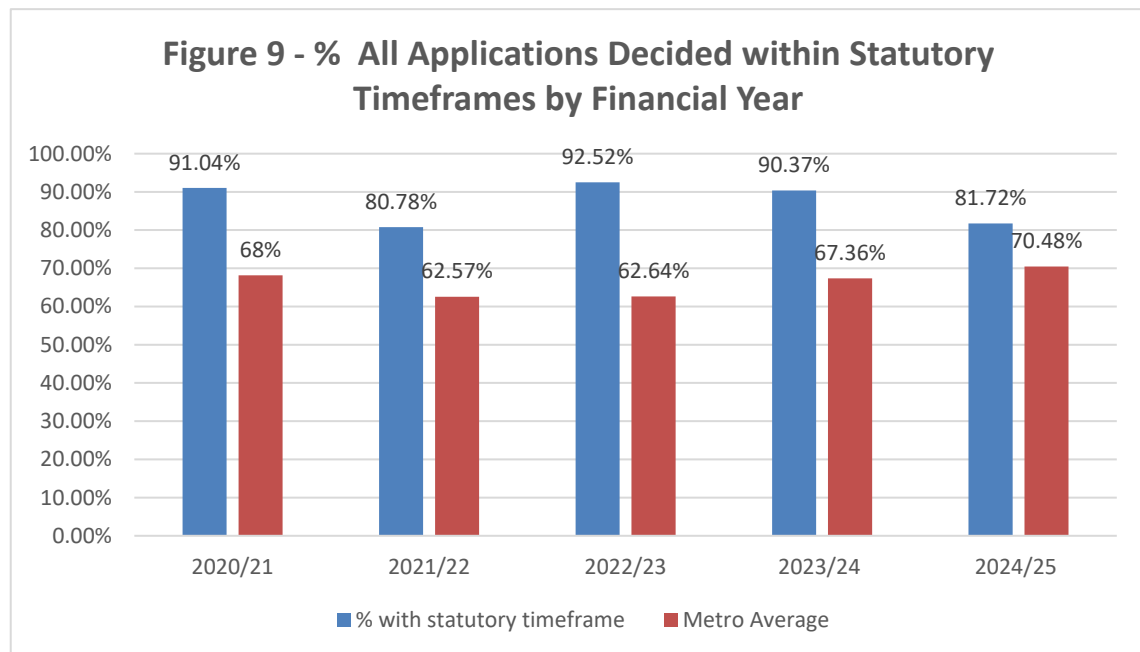

- 3.7 Manningham has also performed well determining VicSmart applications, with 98.76% of applications determined within 10 business days for 2024/25. The metropolitan average was 84.4% (Figure 7). For Manningham, this equates to 159 out of 161 VicSmart applications processed within time.

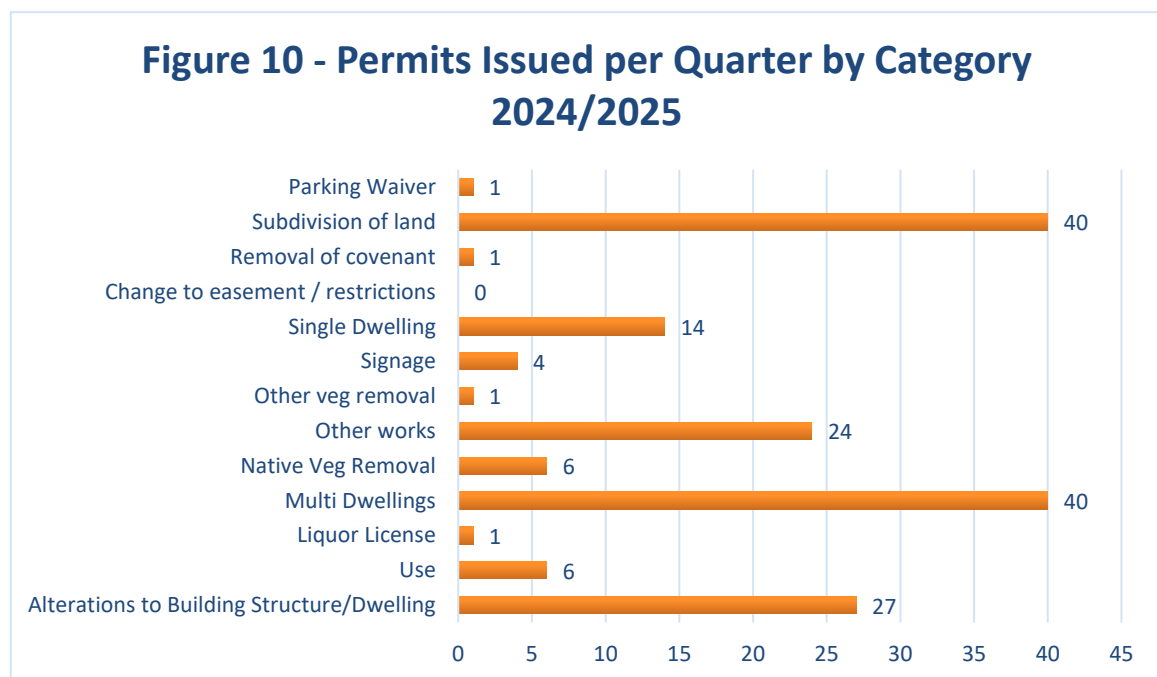

- 3.8 For Q4, 97.3% of all VicSmart applications were decided with 10 business days in comparison to the metropolitan average of 84.36% (Figure 8). This equates to 36 out of 37 VicSmart applications processed within time.

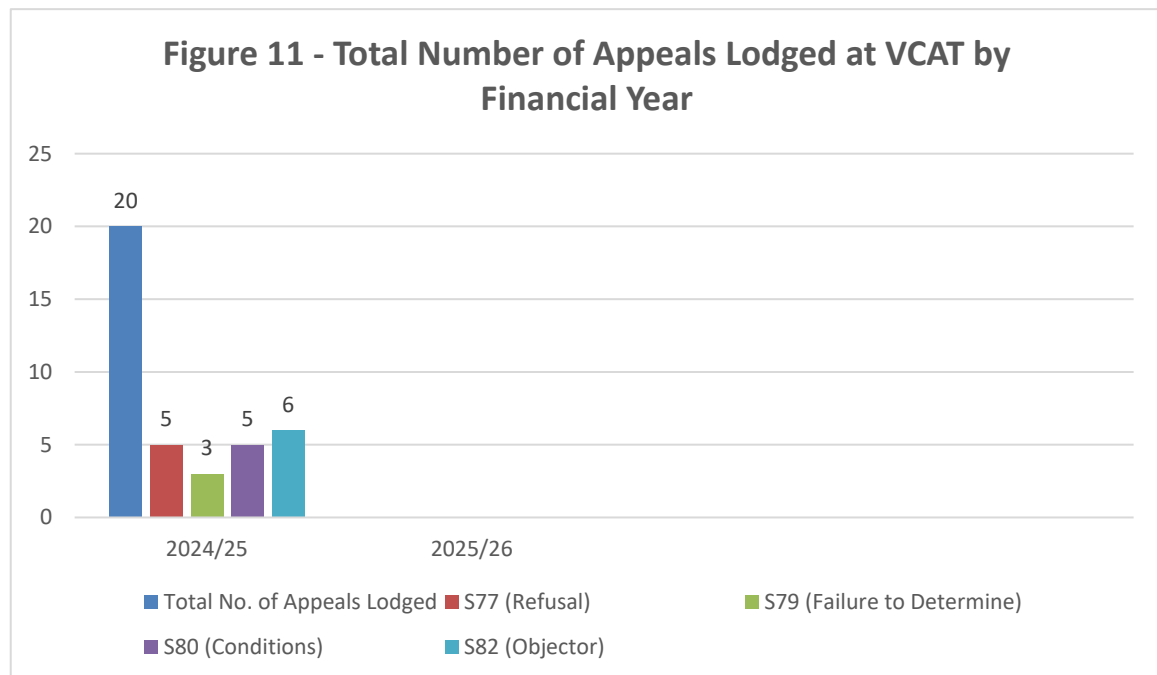

- 3.9 Overall, 81.72% of all planning application decisions have been processed within the required statutory timeframes. This equates to 599 out of 733 of all applications processed within time (Figure 9). The metropolitan average is currently 70.48%.

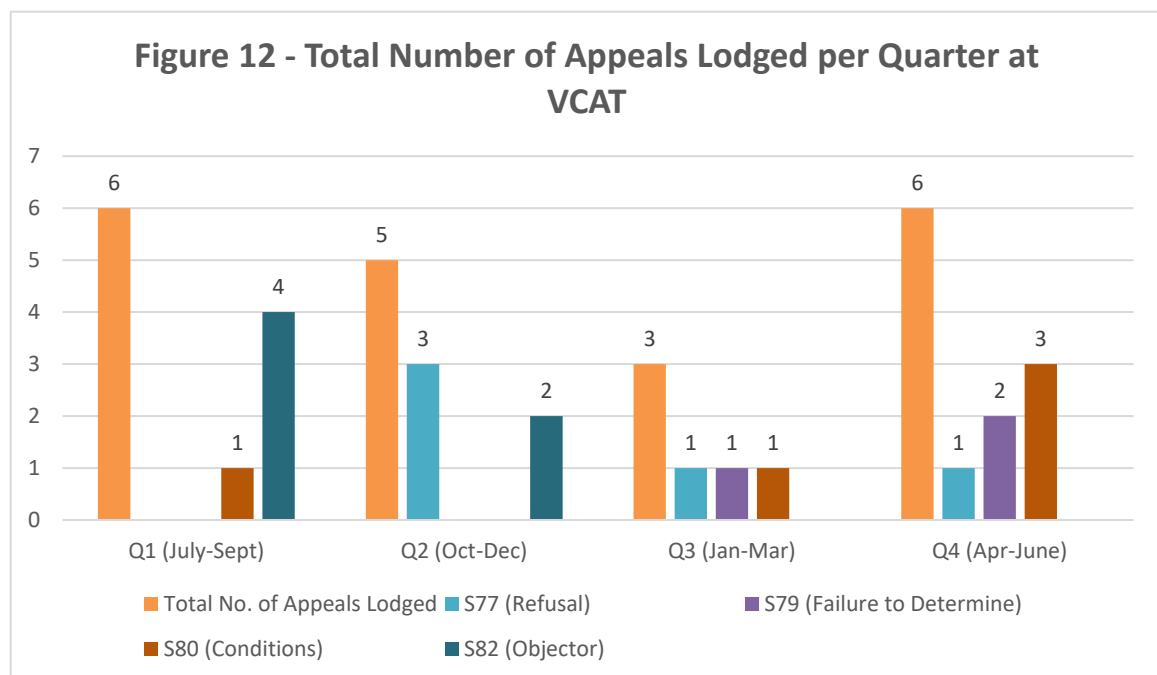

- 3.10 Multi dwellings and subdivision were the predominant category of permits issued in Manningham for Q4, with alterations to a building structure/dwelling following closely behind (Figure 10).

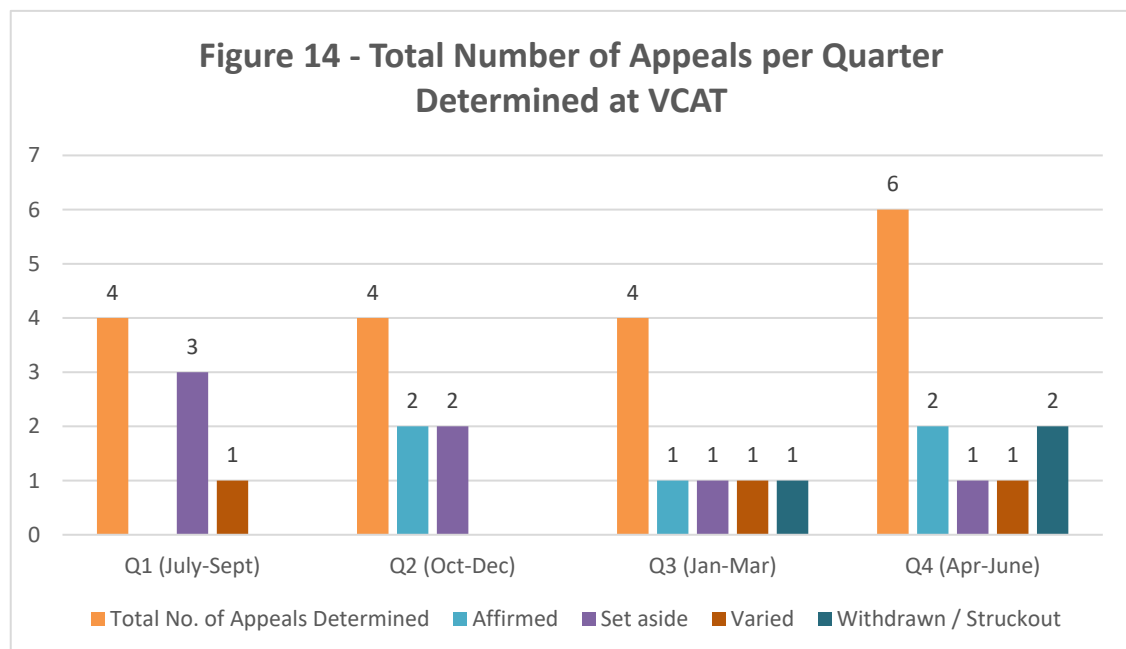

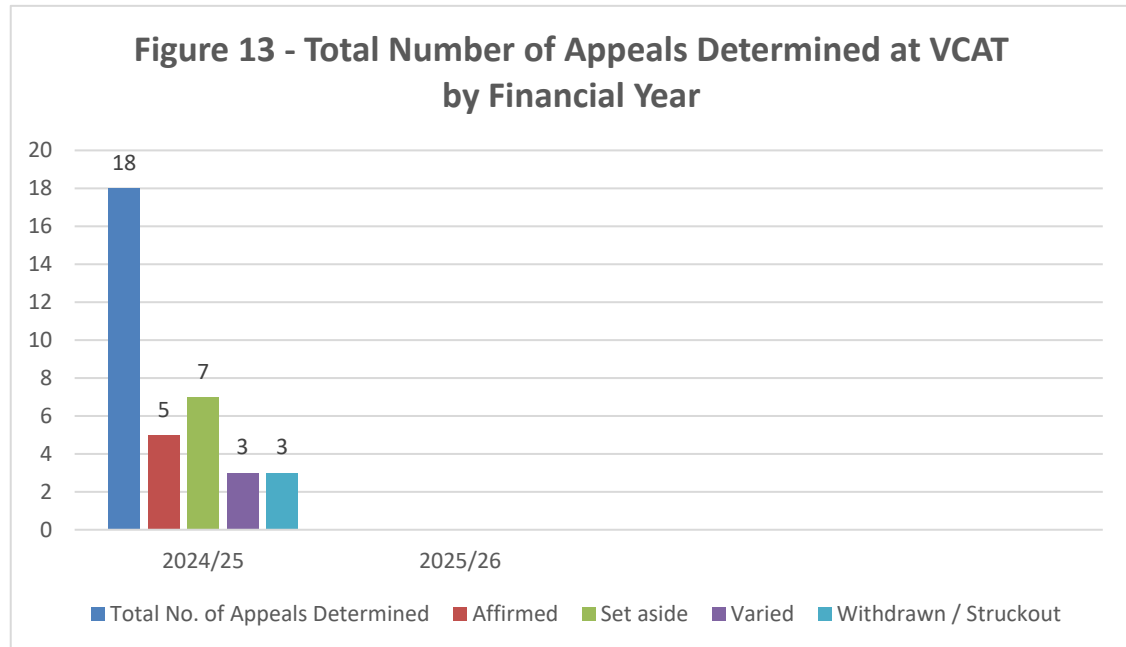

- 3.11 A total of 20 appeals have been lodged at VCAT for this financial year (Figure 11) equating to 2.72% of all decisions made. Most appeals lodged have been Section 82 appeals against a Notice of Decision to Grant a Planning Permit (objector appeals) and Section 77 refusal appeals.

- 3.12 For Q4, a total of 6 appeals have been lodged at VCAT (Figure 12).

- 3.13 VCAT determined a total of 18 appeals for the financial year. A total of 7 appeals have been set aside. This is generally due to significant changes being made to an application that warrants officer support of the application following the formal submission of substituted plans by the applicant (Figure 13). A further breakdown for the quarter is provided in Figure 14.

4. COUNCIL PLAN / STRATEGY

- 4.1 This report addresses theme 10.2 – “*Be an open and transparent Council that is trusted to make evidenced based decisions*” as outlined in the Manningham Council Plan 2025-2029.

5. IMPACTS AND IMPLICATIONS

- 5.1 Finance / Resource Implications

Nil

6. IMPLEMENTATION

- 6.1 Communication and Engagement

Is engagement required?	No
Stakeholder Groups	Council and the community
Where does it sit on the IAP2 spectrum?	Inform
Approach	Report on Council website

7. DECLARATIONS OF CONFLICT OF INTEREST

No officers involved in the preparation of this report have any general or material conflict of interest in this matter.

11 CONNECTED COMMUNITIES

There were no Connected Communities report.

12 CITY SERVICES

12.1 End of 2024-25 Financial Year Capital Works Report

File Number: IN25/624
Responsible Director: Acting Director City Services
Attachments: 1 2024-25 EoFY Capital Works Status Report [↓](#)
2 Capital Works Program - 15 July 2025 [↓](#)

PURPOSE OF REPORT

The purpose of this report is to provide EMT and Council with detailed analysis on the execution of the 2024-25 Capital Works Program.

EXECUTIVE SUMMARY

*The total capital infrastructure expenditure for the 2024/25 financial year was \$45.74 million or **98%** of the forecast budget of \$46.86 million.*

*A total of 220 infrastructure projects were designed, constructed, or otherwise had expenditure allocated to them over the course of the financial year, and 184 of these projects were finalised or in the case of multi-year projects reached their planned construction milestones. This equates to a completion rate of **84%**.*

COUNCIL RESOLUTION

MOVED: CR CARLI LANGE
SECONDED: CR LAURA MAYNE

That Council note the end of 2024-25 Financial Year Capital Works Status Report.

CARRIED UNANIMOUSLY

2. BACKGROUND

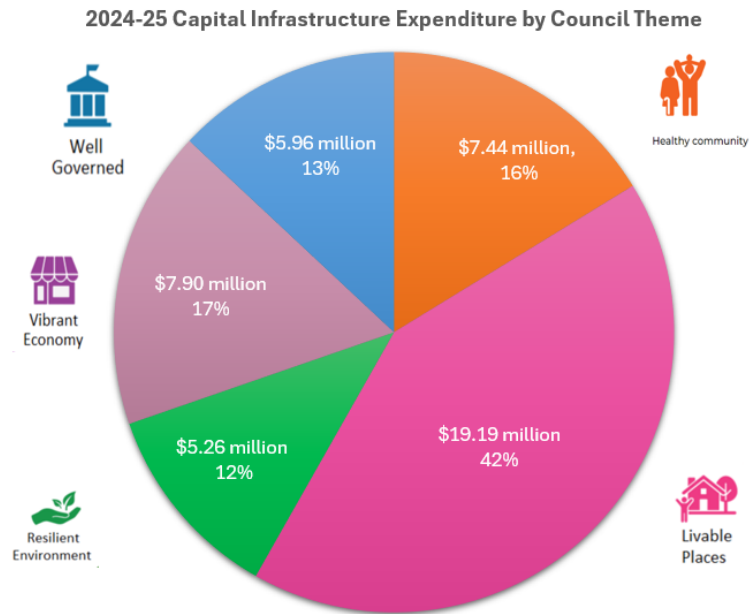

2.1 The delivery of the program commenced well and tracked above previous FY performance for the first two quarters. A slow Q3 saw expenditure but a very strong expenditure in Q4 ensured that the 90% of budget expended KPI was secured.

3. DISCUSSION / ISSUE

3.1 The total capital infrastructure expenditure for the 2024/25 financial year was \$45.74 million or **98%** of the forecast budget of \$46.85 million.

3.2 A total of 220 infrastructure projects were designed, constructed, or otherwise had expenditure allocated to them over the course of the financial year. 184 of these projects reached their intended project milestones for the financial year. This equates to a completion rate of **84%**.

- 3.3 The projects included in the Capital Works Program serve to help achieve the key objectives of the Council Plan. The chart below allocates estimated expenditure against each of the Council Themes listed in the Council Plan.

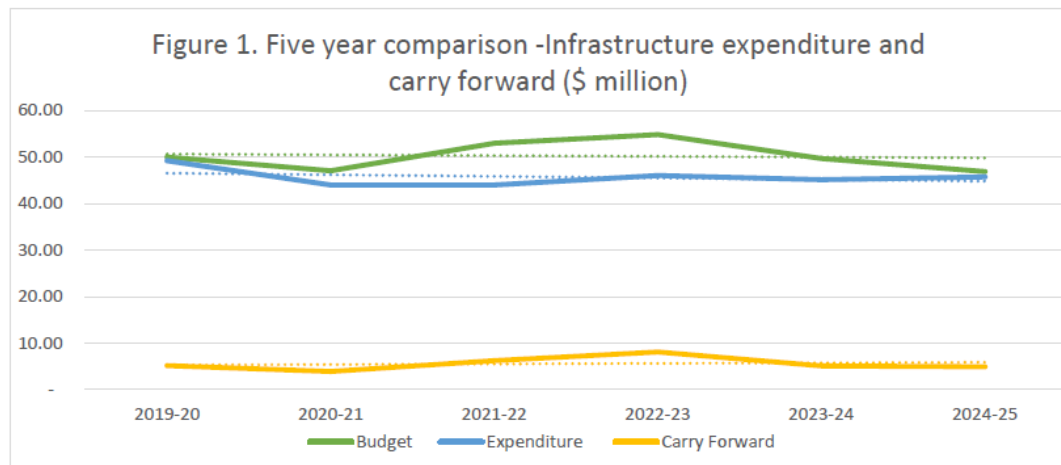

- 3.4 \$4.9 million of funding from the 2024/25 financial year has been carried forward (table 1) to the 2025/26 financial year. This is \$323,000 less than the provisional figure approved to Council in June and an improvement on last year's figure of \$5.3 million.

Project No	Project	Carry Forward - Published	Carry Forward - Final
	Total	5,252,000.00	4,929,130.00
PRJ-01553	Traffic calming Jeffrey St and Airds	40,000	40,000
PRJ-01030	Fitzsimons Lane and Main Road	900,000	680,380

PRJ-01445	Donvale Multi Soccer East	24,000	-

Table 1 – Carry forward list

- 3.5 The adjusted 10-year capital works program with the updated carry forward figures is provided as Attachment No.2.
- 3.6 We continue to perform well in the delivery of the capital works program with total capital expenditure being consistently high over the past 5 years.

- 3.7 **52.6%** of expenditure on infrastructure projects in 2024/25 was renewal in nature, and a further **25.5%** was upgrade expenditure.
- 3.8 It should be noted that the Tram / Merlin Traffic Signals project (which has been part of the program for many years) has been planned and delivered under the Capital Works Program. However, as much of the construction has taken place on Tram Road which is a VicRoads asset this expenditure (even though it is capital in nature) cannot be recorded as capital expenditure in our financial statements. This is explained in more detail in Attachment 1.

4. COUNCIL PLAN / STRATEGY

- 4.1 The capital works performance outcomes presented in this report are consistent with Council's strategic objectives as listed in the Council plan. The delivery of capital works projects within the program is essential for the provision of:
- 4.1.1 inviting places and spaces;
 - 4.1.2 enhanced parks and open space and streetscapes; and
 - 4.1.3 well connected safe and accessible travel options.

5. IMPACTS AND IMPLICATIONS**5.1 Finance / Resource Implications**

- 5.1.1 The projects brought forward to offset other delayed projects were predominantly rates funded, whereas several of the delayed projects were predominately funded from other funding sources. This has resulted in a net rates over-expenditure of \$4.5 million.

5.1.2 Some of this over expenditure will be covered by savings associated with projects fast-tracked during the 2024/25 financial year that will no longer require all their allocated 2025/26 budget.

5.1.3 It is hoped that the remaining over expenditure can be balanced by other savings in 2025/26, but it is also possible that it may be necessary to delay some rates funded 2025/26 projects if sufficient savings can't be found to cover the 2024/25 overspend.

6. IMPLEMENTATION

6.1 Communication and Engagement

Is engagement required?	Yes
Stakeholder Groups	1. Project Advocates 2. Project Managers 3. Council
Where does it sit on the IAP2 spectrum?	Involve
Approach	Monthly Steering Committee and Capital Works Performance meetings

7. DECLARATIONS OF CONFLICT OF INTEREST

No officers involved in the preparation of this report have any general or material conflict of interest in this matter.

.

1. Executive Summary

1.1. 2024-25 Council Works Performance

Adopted Budget and Revised Budget

The adopted 2024-25 Council Works Program comprised a total budget of \$78.83 million, covering infrastructure projects, property acquisitions, technology initiatives, and proactive and reactive maintenance across council-managed assets.

During the year, Council Works Program has undergone several budget adjustments, resulting in a total revised budget of \$77.50 million. These adjustments include:

- \$0.84 million decrease in carry forwards finalised at the end of 2023-24.
- \$1.30 million decrease to offset prior financial year over-expenditure.
- \$0.81 million net increase from additional grants/contribution and/or additional maintenance cost.
- \$5 million increase for land acquisition (open space and community facility) has been fully offset by a corresponding decrease in strategic property acquisition, resulting in no net change to the overall budget.

These adjustments ensure that the Capital Works Program remains financially balanced while aligning funding with current project priorities and actual expenditures.

Table 1 – Revised Budget

Total Capital Expenditure	\$ Millions
Published FY24-25 Capital Works Budget	78.83
Carry Forward from FY23/24 adjusted at end of financial year	(0.84)
To balance out rates over-expenditure in FY23/24	(1.30)
Net Budget adjustments	0.81
Capital Works Program revised budget for 2024-25	77.50

Financial Performance

As of 30 June 2025:

- **Capital Works Budget Delivered:** 98% revised budget expended (Council successfully delivered \$45.74 million infrastructure projects)
- **Property Acquisitions Budget Delivered:** 101% revised budget expended (\$6.63 million property acquisition)
- **Operating Budget Delivered:** 86% revised budget expended (\$2.11 million key operating initiatives in areas of technology).
- **Maintenance Budget Delivered:** 110% revised budget expended (\$23.84 million maintenance)

Table 2 – Council Works Expenditure

Council Works Category	Adopted Budget (Million)	Revised Budget (Million)	Actual Expenditure (Million)	% Expenditure
Capital Infrastructure*	47.98	46.86	45.74*	98%
Property Acquisition	6.56	6.55	6.63	101%
Total Capital Expenditure	54.54	53.41	52.37	98%
Technology - Operating	2.41	2.47	2.11	86%
Maintenance	21.88	21.62	23.84	110%
Total Operating Expenditure	24.29	24.09	25.96	108%
Total Council Works Program	78.83	77.50	78.33	101%

* Some non-capital expenditure will be journalled to operating post asset capitalization review.

Project Delivery Status

The adopted 2024-25 council works program contained a total of **239** projects including projects carried over from the 2023-2024 financial year. During 2024-25, 11 projects were removed from program (10 projects closed and 1 project completed in FY23/24). In addition, a few significant projects have been identified as unlikely to achieve the original forecasted expenditure level. Therefore, priorities were shifted within the program to address urgent needs or capitalize on new opportunities. 37 additional capital projects were added (including brought forward from future years) upon approval and all changes were made in line with capital works framework and principles. As a result, council delivered works for a total of **264 projects**.

Table 3 – Revised Program

Total Number of Projects	Number of Projects
Published FY24/25 Capital Works Program	239
Project completed in 2023-24	(1)
Projects closed	(11)
Additional works added or brought forward from future years	37
Revised Capital Works Program for 2024-25	264

The 2024-25 Council Works Program saw a total of 220 infrastructure projects planned, designed, procured and constructed, and 184 of these projects were completed or in the case of multi-year projects reached their planned milestones. This equates to a completion rate of 84%. In addition, property acquisitions, maintenance and key operating initiatives all reached the planned milestones for 2024-25.

Table 4 – Council Works Delivery

Council Works Category	Adopted Program	Revised Program	Completed*	To be completed	% Complete *(Revised)
Capital Infrastructure	194	220	184	36	84%
Property Acquisition	2	2	2	0	100%
Total Capital Program	196	222	186	36	84%
Technology - Operating	2	2	2	0	100%
Maintenance	41	40	40	0	100%
Total Operating Program	43	42	42	0	100%
Total Council Works Program	239	264	228	36	86%

* % Complete is calculated based on the total number of projects that were either practically completed (one-off projects) or reached the planned milestones for 2024-25 (multi-year projects).

Over-Expenditure Impact

The delivery of 220 capital projects has resulted in a total capital expenditure of \$45.74 million. The total rates expended and carried forward amounts to \$36 million, which is \$4.5 million over the adopted budget. We will monitor the program for potential savings and budget adjustments will be made once savings are confirmed to ensure a balanced and sustainable financial stewardship.

1.2. Asset Expenditure Portfolio

As Council assets age and deteriorate, investment in capital infrastructure and asset maintenance is required. In 2024-25, \$69.59 million was spent to enhance council-managed asset portfolio including:

- \$24 million renewal, \$12 million upgrade, \$0.2 million Expansion and \$9.7 million new expenditure, and
- \$24 million maintenance.

Table 5 – Asset Expenditure (Renewal/Upgrade/Expansion/New/Maintenance) *

Program	Renewal ('000)	Upgrade ('000)	Expansion ('000)	New ('000)	Maintenance ('000)
Artworks Program	10	-	-	251	9

Technology Program	115	-	-	-	-
Total	24,039	11,652	236	9,817	23,843

**Tram / Merlin Traffic Signals has been planned and delivered under the Capital works Program. However, as part of end-of-financial-year financial and asset capitalisation review, it was identified that a portion of the works – specifically related to Tram Road Reconstruction and Signals – were delivered on assets not owned by Council. As a result, approximately \$1.3 million expenditure which does not meet the accounting criteria for capitalisation under applicable accounting standards (AASB 116 Property, Plant and Equipment) has been reclassified from capital to operating. This reclassification has been processed in Council's financial ledger and is accurately reflected in the audited financial statements. However, it is not reflected in the above table which is based on the original project classifications at the time of delivery. The project remains capital in nature, and it will be successfully completed to the community regardless of accounting purposes.*

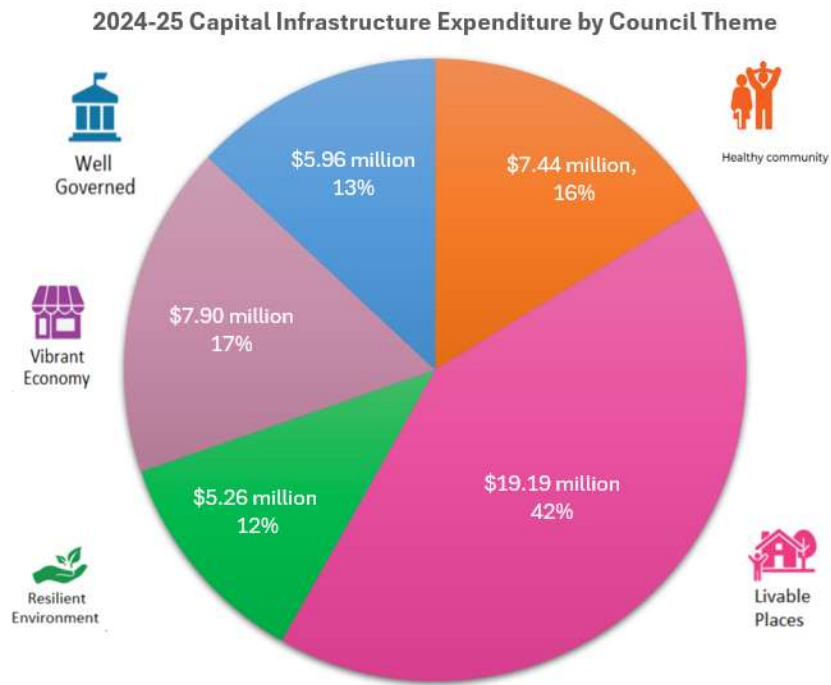

1.3. 2025-26 Carry Forward

Table 6 – Final Carry Forward at \$4.9 million

Project No	Project	Carry Forward - Published	Carry Forward - Final
	Total	5,252,000.00	4,929,130.00

PRJ-01445	Donvale Multi Soccer East	24,000	-

Note: Carry forward adjustment is based on the remaining budget identified at the end of each financial year with full-year expenditure.

1.4. 2024-25 Capital Infrastructure Program by Theme

1.5. External Funding

The 2024/2025 adopted capital budget assumed **\$4 million** in income. This figure has been revised down to **\$3.9 million** as of 31 March 2025. Actual capital income was **\$4.4 million**. The capital income recognition has a correlation with the progression of project works and expenditure. The slightly higher actual income was contribution from Spark for North East Link and contribution from Maroondah City Council for resurfacing a boundary road.

Capital Income	Adopted Budget (\$ Million)	Revised Budget (\$ Million)	Actual (\$ Million)
Grants & Contribution	3.99	3.92	4.4

Table 7 – FY24/25 Capital Income

Approved Projects	Grants Type	FY24/25 Income
Road Surfacing (Reseals)	Federal Assistance Grant	1,105,471
Road Surfacing (Reseals)	Roads to Recovery	697,325
Road Surfacing (Reseals)- Oban Road	Federal	321,842
Fitzsimons Lane and Main Road Corridor (Templestowe Route)	Federal	637,620
Wonga Park Netball Court Redevelopment & Floodlight Upgrade	Federal	130,844
Pines Learning Inc Childcare Playground Upgrade	State	112,600
Beverley Hills Preschool and Doncaster Park Preschool Feasibility Study	State	43,088
Doncaster Library Internal Layout Changes	State	118,500
Tunstall Square Kindergarten expansion and MCH minor works	State	372,350
Donvale Tennis Club Courts 1 & 2 Floodlight Upgrade	State	25,952
Sporting Reserves Renewal	State	30,397
Warrantyte Reserve dog infrastructure improvements	State	11,993
Burgundy Reserve Upgrade	State	15,537
Banksia Park Shared Path Bridge	State	120,993
Aranga Reserve Dog Park Upgrade	State	8,011

Approved Projects	Grants Type	FY24/25 Income
Warrandyte Reserve Cricket Net Upgrade	Contribution	36,000
Currawong Tennis Club Court 5&6 Resurfacing & 6 courts floodlight upgrade	Contribution	175,525
Bulleen Tennis Club Court 7 & 8 Resurfacing, floodlights	Contribution	178,148
Donvale Tennis Club Courts 1 & 2 Floodlight Upgrade	Contribution	12,807
Wonga Park Reserve LED Scoreboard	Contribution	50,000
Launders Reserve Renewal	Contribution	9,091
Plant Replacement Project	Contribution	51,540
Arterial Road Pavements (Link & Collector)	Contribution	90,307
Miscellaneous Open Space Projects	Contribution	4,020

By the end of 2024-25, \$3.3 million grants received for later years' income recognition with the progression of project works scheduled in future years.

Table 8 – Grants received in advance

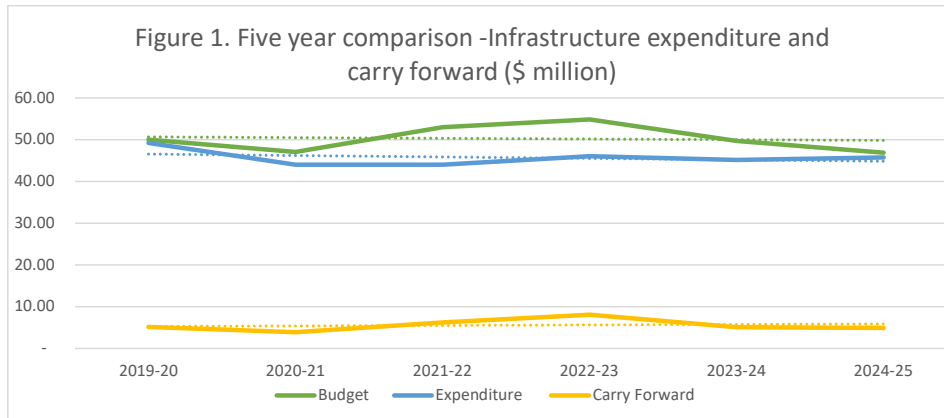

Project Name	Financial Year (income received)	Amount received	Expenditure as at end of FY2024/25	Balance as at end of FY2024/25
Banksia Park Shared Path Bridge	FY2020/21	2,050,000	933,915	1,116,085
Fitzsimons Lane and Main Road Corridor (Templestowe Route)	FY2020/21	3,500,000	2,555,758	944,242
Warrandyte Reserve dog infrastructure improvements	FY2023/24	75,000	11,993	63,007
Burgundy Reserve Upgrade	FY2023/24	100,000	15,537	84,463
Aranga Reserve Dog Park Upgrade Donvale	FY2024/25	50,000	8,011	41,989

Sporting Reserves Renewal	FY2024/25	229,574	30,397	199,177
Aquarena Redevelopment (50m Pool & Outdoor Master Plan)	FY2024/25	225,000	-	225,000
Domeney Reserve Sports Field Floodlight Upgrade	FY2024/25	146,643	-	146,643
Bulleen Library Internal Layout Changes	FY2024/25	211,500	-	211,500
		7,029,974	3,686,455	3,343,519

1.6. Funding Transfers

During the 2024/25 financial year \$7.6 million of funding was transferred between projects ([D25/53559](#)) to address funding shortfalls and redistribute savings.

1.7. Five-year comparison

1.8. EOFY Project Status Definition

EOFY Project Status Definition	
Completed	The project has reached practical completion.
Completed*	The project reached its set milestones for 2024/25 and will continue into 2025/26 as planned.
To be completed	The project was not finalised and/or did not reach its planned milestones by the end of the financial year but will be completed in future years.
Closed	Project identified as not proceeding following initial investigations and consultations.
Not applicable (N/A)	The project was either in preliminary study/planning or flagged as completed in previous financial year. It has been included in the expenditure report for completeness' sake as a small amount of expenditure was recorded against it, but it is excluded from status report.

2. Capital Works Performance by Program

2.1. Artworks Program

Projects	Budget	Actual	% Budget Expended	Status	Carry Forward
Total	189,000	260,941	138%		-
Art Collection Conservation	\$10,000	\$9,893	99%	Completed	\$0
Art Collection Acquisitions	\$30,000	\$58,012	193%	Completed	\$0
Aggregated Public Art Projects (1%)	\$90,000	\$62,493	69%	Completed	\$0
Ruffey Lake Park Public Art Commission	\$0	\$3,932		Not Applicable	\$0
Mullum Mullum Public Art Commission	\$59,000	\$39,026	66%	To be completed	\$0
Heptburn Public Art	\$0	\$20,854		Completed	\$0
Migrant Peace Project	\$0	\$41,967		To be completed	\$0
wonguim wilam public art	\$0	\$6,764		Completed	\$0
Aquarena Public Art Commission	\$0	\$18,000		Not Applicable	\$0

- Migrant Peace project design completed. A new community artwork to reflect on peace and the experiences of people who have migrated from overseas and now reside in Manningham. The artwork has been developed with the Manningham migrant community through community engagement activities and is intended to be an artistic symbol for the whole community to reflect on peace and safety for people who have migrated to Manningham. The artwork will be installed in Ruffey Lake Park, Doncaster, in the northeast section of the park near to the corner of Cricklewood Drive and Victoria Street.

- 24/25 Art Collection Acquisitions completed. (Djakaŋu Yunupinju, Tears Of The Djulpan, 2023, Natural earth pigments on bark, 107 x 61 cm and Matthew Harris, Deceased Estate, 2024, Charcoal and acrylic binder on hessian, 168 x 112 cm)

- Lightbox installed at MC2 through 24/25 public arts commission program

2.2. Bicycle Network Program

Projects	Budget	Actual	% Budget Expended	Status	Carry Forward
Total	1,180,000	907,703	77%		-

Public Art Maintenance (3227)	\$8,000	\$8,979	112%

3. Major Project Updates

3.1. Banksia Bridge

- Design completed
- \$2.05M of State Government Grant received to date (a total of \$5.8M expected).
- SBS in early July to provide an update on this project.
- Subject to statutory approval process which has experienced difficulties.

3.2. Tram – Merlin Signalisation

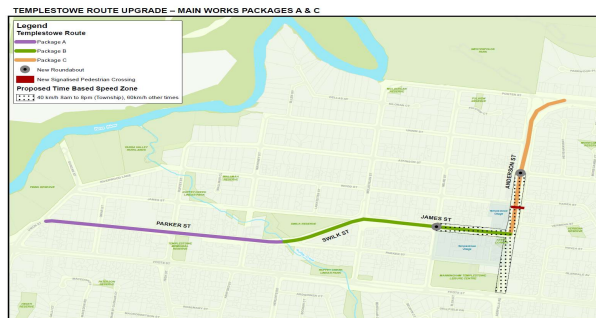

- Tram road reconstruction physical progress at 50%, Signal progress at 50% and Merlin Road physical progress at 80%.

3.3. Jumping Creek Road

- Jumping Creek Road Package E Construction completed

3.4. Fitzsimons Lane and Main Road Corridor (Templestowe Route) Reconstruction

- Early works packages completed.
- Package C – Anderson Street works commenced on 30 June 2025
- Communications and Community Information Session completed on 23 June 2025
- Package B – James Street works will commence in late 2025
- Pedestrian Operated Signal and Traffic Signal Detail Design completed and awaiting DTP approval.

3.5. Aquarena Redevelopment

- 100% Concept Design Stage Complete. 100% Design Development Stage complete (31/10/24). Contract Documentation at 100% completion by 30/06/25.

13 EXPERIENCE AND CAPABILITY

13.1 Appointment of Independent Advisor to the CEO Employment and Remuneration Committee

File Number: IN25/633
Responsible Director: Director Experience and Capability
Attachments: Nil

PURPOSE OF REPORT

The purpose of this report is to seek endorsement on the appointment of an Independent Advisor to the CEO Employment and Remuneration Committee.

EXECUTIVE SUMMARY

In accordance with the CEO Employment and Remuneration Policy, the CEO Employment and Remuneration Committee (the Committee) can seek the appointment of an Independent Advisor to provide advice on matters relating to the policy or the employment and remuneration of the CEO.

The Committee are recommending the appointment of Richard Baum of Trustee for the Pilgrim's Rest Discretionary Trust trading as Ashton Forsyth as an Independent Advisor to the CEO Employment and Remuneration Committee for the 2025 CEO performance review process.

This service has been procured in line with Council's Procurement Policy. The terms of the appointment are as set out in this report.

Disclosure of Conflict of Interest

The Chief Executive Officer, Mr Andrew Day stated: "Councillors, I wish to disclose that I have a material conflict of interest in this item as this matter directly relates to my employment and remuneration. I will be leaving the chamber for the duration of this item."

Mr Day left the meeting at 7:39pm.

COUNCIL RESOLUTION

MOVED: CR ANNA CHEN
SECONDED: CR JIM GRIVAS

That Council appoint Richard Baum of Trustee for the Pilgrim's Rest Discretionary Trust trading as Ashton Forsyth as an Independent Advisor to the CEO Employment and Remuneration Committee for the 2025 CEO performance review process at a remuneration not exceeding \$15,000 for these services.

CARRIED UNANIMOUSLY

The CEO took no part in the discussion on this item and returned to the meeting at 7:41pm after the matter had been resolved.

2. BACKGROUND

- 2.1 The CEO Employment and Remuneration Policy (the Policy), endorsed by Council in July 2025, enables the appointment of Independent Advisors to provide professional independent advice on matters relating to the employment and remuneration of the CEO.
- 2.2 In accordance with the Policy, the appointment of an Independent Advisor is made:
- on the recommendation of the CEO Employment and Remuneration Committee, following a process in line with Council's Procurement Policy to seek experienced and suitably qualified persons; and
 - by a Council resolution, which includes the term of appointment and remuneration of the Independent Advisor.

3. DISCUSSION / ISSUE

- 3.1 The CEO Employment and Remuneration Committee has sought an experienced person to provide independent advice for the 2025 CEO Performance Review Process, including:
- Facilitating the collection of feedback on the CEO's performance against the performance plan over the preceding twelve months, from Committee members both individually and collectively.
 - The preparation of a written report on the CEO performance against the CEO Performance Plan.
- 3.2 The Procurement Policy requires that at least one written quote be obtained, based on the value of the contract for this Independent Advice being less than \$15,000.
- 3.3 A quote was sought from Richard Baum of Trustee for the Pilgrim's Rest Discretionary Trust trading as Ashton Forsyth. This provider was selected as they had previously provided similar services, have demonstrated knowledge and experience, and have built rapport with the Committee which is vital to delivery of this process within the required timeframe.
- 3.4 An exemption was endorsed by the Director Experience and Capability from the requirement under the Procurement Policy to obtain at least three written quotes, based on the cumulative spend with this provider, based on the rationale of the service being an extension of previous work undertaken by the supplier and the Director being satisfied, based on feedback and direction from the Committee, that the background and knowledge justifies obtaining only one quote.

4. COUNCIL PLAN / STRATEGY

- 4.1 This appointment is consistent with the CEO Employment and Remuneration Policy.

5. IMPACTS AND IMPLICATIONS**5.1 Finance / Resource Implications**

The provision of advice to the CEO Employment and Remuneration Committee is provided for in the 2025/26 Budget.

The remuneration of the Independent Advisor appointed to support the CEO performance review process will not exceed \$15,000.

6. IMPLEMENTATION**6.1 Communication and Engagement**

Is engagement required?	No
Stakeholder Groups	NA
Where does it sit on the IAP2 spectrum?	NA
Approach	NA

6.2 Timelines

The appointment of the Independent Advisor will become effective following the endorsement of Council and will be effective for the 2025 CEO performance review process.

7. DECLARATIONS OF CONFLICT OF INTEREST

No officers involved in the preparation of this report have any general or material conflict of interest in this matter.

The Chief Executive Officer has declared a conflict of interest in this matter as it relates directly to his employment and remuneration.

13.2 Audit and Risk Committee Independent Member Reappointment

File Number: IN25/616
Responsible Director: Director Experience and Capability
Attachments: Nil

EXECUTIVE SUMMARY

The Audit and Risk Committee (the Committee) comprises three independent members and two Councillors in accordance with the Audit and Risk Committee Charter adopted on 1 September 2020.

One of the independent members, Mr Jonathan Kyvelidis completed his first term of appointment on 31 July 2025.

The Charter allows for independent members to serve a total of three consecutive terms. Officers supporting the work of the Audit and Risk Committee recommend Council reappoint Mr Kyvelidis to the Committee for a further term for the reasons set out in this report.

COUNCIL RESOLUTION

MOVED: CR CARLI LANGE
SECONDED: CR DEIRDRE DIAMANTE

That Council reappoint Mr Jonathan Kyvelidis as an independent member of the Audit and Risk Committee, for a second term commencing on 27 August 2025 and expiring 30 September 2028.

CARRIED UNANIMOUSLY

2. BACKGROUND

- 2.1 The Audit and Risk Committee plays a pivotal governance role in providing Council with independent oversight and advice on Manningham City Council's financial and performance reporting, oversees internal and external audit activities and monitors the risk management and internal control systems. The Committee also monitors the compliance of Council policies and procedures with the overarching governance principles of the Local Government Act 2020 and any Ministerial directions.
- 2.2 Mr Kyvelidis' first term commenced on 27 July 2022 and expired on 31 July 2025.
- 2.3 During this first term Mr Kyvelidis has provided extensive and robust advice to management, with particular focus on Council's financial statements, associated external and internal audit processes, as well as general risk management advice, utilising his broad knowledge across the local government sector.

- 2.4 The proposed reappointment of his second term to the 30 September 2028, will align with completion of the Audit and Risk Committee's workplan year and continue to stagger the appointment dates of the independent members to retain committee continuity and advisory value.

3. DISCUSSION / ISSUE

- 3.1 The Manningham Council Audit and Risk Committee Independent membership currently comprises:
- Mr Andrew Dix – Long standing member and Chairperson over successive years. Reappointed to the Committee for his third and final term on 1 July 2023 and due for completion on 30 June 2026.
 - Ms Sharon Copeland-Smith – Appointed to the Committee on 29 May 2024 to 28 May 2027.
- 3.2 Mr Kyvelidis is a chartered accountant and registered company auditor and has had executive roles with the Victorian Auditor General's Office. He is currently Chairperson of a local government Audit and Risk Committee and general member of another seven such Committees.
- 3.3 Officers recommend Mr Kyvelidis be reappointed for a second term to the Committee. Mr Kyvelidis' appointment would complement the other member's existing skills set and experience, ensuring continuity in the Committee's important advisory role to Council and management.

4. COUNCIL PLAN / STRATEGY

Continuity of a high performing Audit and Risk Committee will continue to provide an important independent governance function to Council and the citizens of Manningham. This is consistent with Council Plan Theme: A Well Governed and Innovative Council.

5. IMPLEMENTATION

5.1 Finance / Resource Implications

The fees for the work of independent members to the Audit and Risk Committee is included in each Council budget. Current fees for the Chair and the Independent Members are \$12,800 and \$8,600 respectively. The reappointment of Mr Kyvelidis will therefore be accommodated within existing resources.

5.2 Timelines

Mr Kyvelidis's reappointment would commence from 27 August 2025 for a three-year period and expire on 30 September 2028.

6. DECLARATIONS OF CONFLICT OF INTEREST

No Officers involved in the preparation of this report have any direct or indirect conflict of interest in this matter.

13.3 MAV State Council Motion - October 2025

File Number: IN25/613
Responsible Director: Director Experience and Capability
Attachments: Nil

PURPOSE OF REPORT

The purpose of this report is to seek Council endorsement for the motion to be submitted to the Municipal Association of Victoria State Council meeting.

EXECUTIVE SUMMARY

Council can submit advocacy motions to the Municipal Association of Victoria (MAV) for consideration at their State Council meetings. The next meeting is scheduled for Friday 10 October 2025.

This report proposes a motion related to the withdrawal of State Government Funding for the Maternal and Child Health Sleep and Settling Program.

Motions are required to be submitted by 15 August 2025 and must be endorsed at a meeting of Council. Manningham Council has sought approval from MAV to submit a draft motion by the 15 August 2025 deadline, with the final motion to be provided following adoption at the August Council Meeting.

COUNCIL RESOLUTION

MOVED: CR DEIRDRE DIAMANTE
SECONDED: CR CARLI LANGE

That Council:

- A. endorse the following motion for submission to the Municipal Association of Victoria (MAV) State Council 10 October 2025 meeting:**

That the MAV calls on the Victorian Government to:

- **Urgently reconsider the cessation of funding for the group-based component of the Maternal Child Health (MCH) Sleep and Settling program.**
- **Further to the request for a review of this decision, we also ask that any future changes to MCH program delivery:**
 - **occur through a process that reflects the roles of Local Government and the MAV as genuine partners with the Department in the delivery of Maternal and Child Health services to the Victorian community, and**
 - **be communicated with sufficient notice according to the service agreement.**

- B. authorise the CEO and Manningham Council's MAV delegate to make minor changes to improve the wording of the motions outlined above and/or to update the motion relative to any changes to the issue that may occur, providing the intent remains consistent with Council's endorsed motion.**

- C. support the motions proposed by members of the Eastern Region Group of Councils that are submitted to the MAV October State Council Meeting, as listed in the body of the report.**

PROCEDURAL MOTION

MOVED: CR GEOFF GOUGH

SECONDED: CR JIM GRIVAS

That Councillor Lange be permitted an extension of time to speak in accordance with sub rule 34.6 of the Governance Rules.

CARRIED UNANIMOUSLY

THE SUBSTANTIVE MOTION WAS PUT AND CARRIED UNANIMOUSLY

2. BACKGROUND

- 2.1 State Council is the Municipal Association of Victoria's (MAV) governing body and is made up of MAV delegates from each member Council. Members can submit business to be considered by State Council in accordance with the MAV Rules 2022 and MAV delegates can vote on matters before State Council.
- 2.2 State Council meets twice a year, or more if needed. The next State Council meets on Friday 10 October 2025.
- 2.3 Councils can submit advocacy motions to the State Council.
- 2.4 Motions must have state-wide significance to the sector and relate to one of the sector's priority issues in the MAV Strategic Plan. The MAV will not consider issues that have already been adopted at a previous meeting of State Council or are current campaigns.
- 2.5 Individual Councils can also provide support to MAV motions submitted by other Councils.

3. DISCUSSION / ISSUE

Sleep and Settling Program

- 3.1 On 20 May 2025, the State Government Department of Health (DOH) advised Maternal and Child Health (MCH) providers that:

"From 1 July 2025, the information session support group component of the Sleep and Settling program will no longer be funded. This decision reflects a broader effort to streamline program delivery and ensure the Maternal and Child Health (MCH) workforce is focused on core service provision."

- 3.2 The notification provided by DOH did not meet the requirements of the service agreement and has since been revised to August 2025.

- 3.3 The funding was initially introduced in July 2020 as ongoing. In Manningham this delivers three days per week of outreach and education sessions providing crucial support for families when they are at their most vulnerable. The outreach part of the sleep and settle program continues to be funded, albeit one day per week.
- 3.4 Local government has a long-standing partnership with the Victorian Government in delivering MCH services. This partnership is built on shared responsibility, trust, and a mutual commitment to supporting the wellbeing of Victorian families. However, the manner and timing of this decision is not reflective of a genuine partnership approach.
- 3.5 The DOH believes Early Parenting Centres provide adequate support for young families, along with the regular Key Ages and Stage visits by parents to their MCH nurse. Manningham Council does not have any Early Parenting Centres, and our residents must therefore leave the area to access services if they are available. Regular appointments for Key Age and Stage visits are already constrained by the 45-minute appointment time and are unlikely to be an adequate replacement for specific sleep and settling information. This significantly reduces any option for our MCH service to offer flexibility, as well as seriously limiting accessibility for our community.
- 3.6 This is a deeply valued service within the community, and we believe it provides essential support for families at their most vulnerable.
- 3.7 Manningham Council remains committed to working constructively with the Victorian Government and all relevant departments alongside the MAV to support strong, sustainable MCH services for all Victorian families.
- 3.8 At the time of compiling this report, the following Councils have provided in principle support of this motion:
- Monash City Council
 - Yarra Ranges Shire Council
- 3.9 **Motion:**
- That the MAV calls on the Victorian Government to:
- Urgently reconsider the cessation of funding for the group-based component of the Maternal Child Health (MCH) Sleep and Settling program.
 - Further to the request for a review of this decision, we also ask that any future changes to MCH program delivery:
 - occur through a process that reflects the roles of Local Government and the MAV as genuine partners with the Department in the delivery of Maternal and Child Health service to the Victorian community; and
 - be communicated with sufficient notice according to the service agreement.
- 3.10 This proposed motion aligns with the 'Health & Wellbeing' priority area in the MAV Strategic Plan 2024-2027. As it relates to various levels of government to *"improve health and wellbeing, creating place-based services that meet the diverse needs, experiences and identities of different population groups at different life stages."*

3.11 Supporting Motions

Manningham Council provides in principle support for the following motions:

3.11.1 **Maroondah City Council** (still to be formally endorsed):

- That the MAV advocates to the Victorian Government and LGV to ensure consistency in the methodology used for the community satisfaction survey across all Victorian local governments', and that the subsequent reporting includes the results of all councils, regardless of the entity that conducted the survey, by:
 - developing and coordinating a statewide model that enables, encourages and motivates the participation of all councils
 - ensuring councils that undertake independent surveys use the approved methodology and are included in consolidated statewide reporting
 - standardising the methodology, timing and reporting to enable meaningful comparison across councils over time
 - supporting council participation through a coordinated procurement process or targeted funding; and
 - restoring the credibility and value of the survey as a tool for benchmarking, strategic planning, and public accountability, across the sector.

3.11.2 **Knox City Council** (formally endorsed on 11 August 2025):

- That the MAV call on the Victorian Government to allocate additional resourcing to Victoria Police to appropriately resource community policing to previous levels as a minimum, increasing both proactive and responsive policing.
- That the MAV advocate to the Victorian Government to maintain the Department of Education funding for School Focused Youth Services grant program.
- That the MAV advocates to and calls upon the Victorian Government to provide adequate and ongoing administrative funding to local governments for the collection and management of the Emergency Services and Volunteer Fund (ESVF), reflecting the true cost of delivery and ensuring councils are not financially disadvantaged through cost shifting.

3.11.3 **Whitehorse Council** (formally endorsed on 28 July 2025):

- That the MAV calls upon the State Government to:
 - Investigate the impact of urban densification on the availability and quality of public open spaces, particularly in areas with low open space per person.
 - Examine whether densification genuinely delivers affordable housing given high rates of population growth.
 - Review the implications of government acquisition powers on public open space, highlighting the effect of compulsory acquisitions for infrastructure projects and their impact on local communities.

- Advocate for stronger protections and policies to preserve and expand public open spaces in middle and outer-ring suburbs, recognising the environmental, social, and health benefits these areas provide.
- Examine the impact of urban densification on physical and community infrastructure, such as schools, health services, drainage, and congestion on roads.
- Engage with relevant stakeholders, including community groups and planning bodies, to identify best practices and policy recommendations for maintaining and enhancing open spaces in the face of urban growth.
- That the MAV calls on the State Government to significantly increase penalties for illegal tree removal across all relevant legislation.
- That the MAV advocates to the State Government to simplify the process of creating Community Joint Use Agreements with the Department of Education to unlock public land for community use.

3.11.4 **Yarra Ranges Shire Council** (still to be formally endorsed):

- That the MAV undertake statewide research into occupational violence incidents against Council staff and Councillors and seek WorkSafe support for a public safety campaign.
- That the Municipal Association of Victoria (MAV) advocate to the Victorian Government for the enhancement of the Local Government Performance Reporting Framework (LGPRF) through alignment with Sustainable Development Goals (SDGs) to better reflect the strategic leadership and impact of councils.
- That the MAV advocate to the Victorian Government for a commitment and funding towards education and support programs, such as the 2022-24 Women Leading Locally program to encourage and support more women and young people, particularly in regional areas, to run for elections to councils in 2028.

4. COUNCIL PLAN / STRATEGY

4.1 The proposed motion aligns with the Safe and Healthy Community Theme within the Manningham Council Plan 2021-25:

- Our community is safe, connected and inclusive.
- Our community is active and healthy with improved wellbeing

5. IMPACTS AND IMPLICATIONS

5.1 If the proposed motion is successful, this will improve public health and support for families in the community, including addressing post-natal mental health and providing essential support for young families at their most vulnerable.

6. IMPLEMENTATION**6.1 Communication and Engagement**

Is engagement required for the development of this process design?	No
Stakeholder Groups	N/A
Where does it sit on the IAP2 spectrum?	N/A
Approach	N/A

6.2 Timelines

Submissions for draft motions to be considered at the 10 October 2025 State Council Meeting close on Friday, 15 August 2025, with subsequent notice of formal endorsement of motions allowed post Council Meeting (26 August 2025).

7. DECLARATIONS OF CONFLICT OF INTEREST

No officers involved in the preparation of this report have any general or material conflict of interest in this matter.

PURPOSE OF REPORT

The purpose of this report is to promote transparency in Council's business by providing a record of informal meetings attended by Councillors.

EXECUTIVE SUMMARY

Chapter 6, sub rule 1 of Manningham's Governance Rules requires a record of each meeting that constitutes an Informal Meeting of Councillors to be reported to Council and those records to be incorporated into the minutes of the Council Meeting.

COUNCIL RESOLUTION

MOVED: CR ISABELLA ELTAHA
SECONDED: CR JIM GRIVAS

That Council note the Informal Meetings of Councillors for the following meetings:

- Recreation and Sport Advisory Committee - 17 June 2025
- Strategic Briefing Session - 15 July 2025
- Submitters meeting for planning application PLN22/0537 - 16 July 2025
- Councillor and CEO Only Time - 22 July 2025
- CEO Employment and Remuneration Committee - 28 July 2025
- Strategic Briefing Session - 29 July 2025
- Manningham Youth Advisory Committee - 30 July 2025
- External Briefing - 4 August 2025
- Strategic Briefing Session – 5 August 2025
- Multicultural Communities Advisory Committee - 7 August 2025
- Councillor and CEO Only Time - 12 August 2025

- **Strategic Briefing Session - 12 August 2025**
- **Health and Wellbeing Advisory Committee Meeting - 13 August 2025**

CARRIED UNANIMOUSLY

2. BACKGROUND

- 2.1 Section 60 of the *Local Government Act 2020*, requires a Council to develop, adopt and keep in force Governance Rules (the Rules).
- 2.2 Chapter 6, sub rule 1 of Manningham's Governance Rules requires the Chief Executive Officer to ensure a summary of matters discussed at an informal meeting is tabled at the next convenient Council meeting and recorded in the minutes of that meeting.
- 2.3 An Informal Meeting of Councillors is a meeting that:
- is a scheduled or planned meeting of all Councillors (irrespective of how many Councillors attend) with the Chief Executive Officer for the purpose of discussing the business of Council or briefing Councillors; or
 - is a scheduled or planned meeting of all Councillors (irrespective of how many Councillors attend) with the Executive Management Team for the purpose of discussing the business of Council or briefing Councillors; or
 - is a scheduled or planned advisory committee meeting attended by at least one Councillor and one member of Council staff; and
 - is not a Council meeting, Delegated Committee meeting or Community Asset Committee meeting.

3. DISCUSSION / ISSUE

Summaries of the following informal meetings are attached to this report:

- Recreation and Sport Advisory Committee - 17 June 2025
- Strategic Briefing Session - 15 July 2025
- Submitters meeting for planning application PLN22/0537 - 16 July 2025
- Councillor and CEO Only Time - 22 July 2025
- CEO Employment and Remuneration Committee - 28 July 2025
- Strategic Briefing Session - 29 July 2025
- Manningham Youth Advisory Committee - 30 July 2025
- External Briefing - 4 August 2025
- Strategic Briefing Session – 5 August 2025
- Multicultural Communities Advisory Committee - 7 August 2025
- Councillor and CEO Only Time - 12 August 2025
- Strategic Briefing Session - 12 August 2025
- Health and Wellbeing Advisory Committee Meeting - 13 August 2025

Stakeholder Groups	The other parties to the agreements
Is engagement required?	No. This information is provided in the interests of public transparency.

Where does it sit on the IAP2 spectrum?	N/A
Approach	N/A

4. DECLARATIONS OF CONFLICT OF INTEREST

No officers involved in the preparation of this report have any general or material conflict of interest in this matter.

14 CHIEF EXECUTIVE OFFICER

There were no Chief Executive Officer reports.

15 URGENT BUSINESS

There were no items of urgent business.

16 COUNCILLOR REPORTS AND QUESTION TIME

16.1 Councillor Reports

Cr Laura Mayne congratulated the Manningham Business Network on their recent 21st birthday celebrations. Cr Mayne advised that this network does a great job of promoting small businesses in our local area and fostering collaboration between them.

Cr Mayne noted the celebration event was a great night with both past, present and prospective members chatting away and offering support to each other. Cr Mayne emphasised that every time she has attended one of these business practices, she has always come away having met great people and learning something new from one of the many interesting speakers. Cr Mayne encouraged residents to join the next business breakfast which will be held at the Manningham Function Centre on 9 September 2025. Cr Mayne thanked the network for everything they do for Manningham community and wished well for next 21 years.

Cr Geoff Gough noted that there had been a lot going on in the Bulleen community. Cr Gough mentioned that the area had been under a bit of pressure from various issues, and residents were beginning to express frustration, particularly around parking.

Cr Gough acknowledged the good work being done in the area, particularly with mulching and general park maintenance. Cr Gough highlighted that the protected elm trees needed attention, requiring mulching and proper protection.

Cr Gough raised concerns about the condition of grates and drainage around the area, with reports of some being clogged with dirt. Cr Gough asked that these items be looked into on behalf of local residents.

Cr Carli Lange reported attending several recent community consultation sessions. One session focused on the Jumping Creek Road project, which involves rebuilding the road from Warrandyte to Ringwood, up to Homestead Road. Cr Lange stated that residents in the area had raised concerns about driveway access, medical visit disruption and mobility safety during the construction period.

Cr Lange mentioned that Council officers had responded well, providing clear communication, one-on-one support and practical solutions. Cr Lange said that she would be in attendance at further conversations, with the next drop in session being held on 8 September 2025, to continue conversation with a focus on resident safety.

Cr Lange also discussed the Main Yarra Trail Stage Three project, including connections from Mullum Mullum Reserve and potentially to the Lilydale to Warburton Trail. Cr Lange noted that there were concerns from the community about the current proposed option with regards to safety, amenity and environmental impact.

Cr Lange brought attention to the stretch of trail near Beasley's Nursery, where the footpath runs close to the road. Cr Lange shared a concern about the risk of children unintentionally cycling onto the road. Cr Lange encouraged officers to consider ways to improve safety.

Cr Anna Chen recently attended the Manningham Concert Band's annual gala

concert and had the honour of presenting a Life Member Award to Martin Bull. Cr Chen shared that Martin had served the band for many years, first as Secretary and now as President. Martin also worked tirelessly behind the scenes, securing grants and representing the band in various advisory groups.

Cr Chen said that the Manningham Concert Band is one of Victoria's oldest concert bands, having celebrated its 50th anniversary last year. The band is made up of over 50 members and offers a great opportunity for children, students and adults to come together and enjoy making music in a community setting.

Cr Chen encouraged residents to seek out the band's next performance, "Spring Favourites", to be held on 26 October 2025 where children under 13 are free. She encouraged residents to come along to enjoy an afternoon of great music on 26 October.

Cr Isabella Eltaha shared some upcoming community events, including the Doncaster Dragons Basketball Club hosting "Come and Try" days. Cr Eltaha said that residents were welcome to attend either or both sessions and further details were available on the club's social media. Cr Eltaha enthused that the sessions were expected to be really engaging for young people in our local community.

Cr Eltaha said that the Doncaster Dragons Basketball Club will also be hosting its annual Female Football Shield on 7 September 2025, which was a day to celebrate women's football in the community and the match promised to be a great event.

Cr Eltaha then highlighted an afternoon tea event, that the Friends of Manningham Dogs and Cats (FOMDAC) will be hosting on 17 September 2025, as part of Council's Dementia Awareness Week. The event will feature "Koby the therapy dog". This event is aimed to raise awareness around dementia in a fun and engaging way and Cr Eltaha encouraged residents to participate.

Cr Eltaha acknowledged the ongoing humanitarian crisis in Gaza, including the continued expansion of illegal settlements and its devastating impact on Palestinian communities, many of whom have connections here in Manningham.

Cr Eltaha provided information regarding local advocates who had organised an upcoming community solidarity gathering in Warrandyte on 30 September 2025. Speakers would include local resident Amin Abbas (founder of the Olive Kids Foundation), historian Dr Jordan Silverstein (Melbourne University) and well-known activist Robert Martin. Cr Eltaha encouraged anyone affected or concerned by current events to attend and join together in solidarity.

Cr Jim Grivas encouraged residents to participate in a local theatre experience at the Phoenix Theatre Company. Cr Grivas shared that the Phoenix Theatre Company was formed in 1995 following the amalgamation of two local Manningham based theatre companies, being the Doncaster Templestowe Music Society and Footlights Theatre Company. Cr Grivas shared that their next upcoming musical is "Heathers" commencing on 5 September, 6 September and 11-13 September and encouraged residents to attend and promote their work.

Cr Grivas then congratulated all of the footy clubs within Manningham for their finals season accomplishments.

Cr Andrew Conlon brought awareness to a safety concern on a corner on Stinton's

Road, where there is a hairpin bend and recently a galvanized safety rail had been knocked over, repaired and then knocked over again. Cr Conlon expressed concern for public safety and requested a briefing from officers regarding a potential remedy for that location.

Cr Conlon then congratulated the Thunderball 2025 Committee for a great event held recently. Cr Conlon noted the event was aimed at raising funds for a truck for the State Emergency Service (SES); however he questioned why community fundraising was needed for such an essential service, especially considering the existence of the Emergency Services Volunteer Fund.

Mayor, Cr Deirdre Diamante congratulated the City of Banyule on securing the National Gallery of Australia's exhibition featuring the Heide School of painters. Mayor Diamante described the exhibition as amazing, having been in attendance on the opening night. Mayor Diamante encouraged fellow councillors and community members to visit the Banyule gallery and have the opportunity to view images of the local bushland and the Yarra River brought to life again, nearly 140 years later.

16.2 Councillor Questions

Cr Gough raised the issue on behalf of residents along Golden Way concerning increased traffic and parking congestion, which had resulted in cars parking in the Morris Williams Reserve car park, whilst also creating issues near the kindergarten and down on Egan Drive and surrounding areas. Cr Gough noted that a nearby street was seeing a build-up of utility vehicle parking, which was starting to cause problems.

Cr Gough raised the idea of reviewing and potentially expanding existing parking restrictions, possibly introducing a 2 hour limit to help relieve the pressure, especially during peak times, which had become a pinch point for parents picking up children.

Mr Andrew Day, Chief Executive Officer, thanked Cr Gough for his question and responded that he appreciated the patience shown from the community, during what had been a challenging time working through the parking restrictions. Mr Day acknowledged that the situation had caused inconvenience, but there was gratitude for the community's willingness to engage and work with Council on the rollout.

Mr Day confirmed that the first tranche of restrictions had been rolled out and noted that there had been some migration of parking into nearby areas. Mr Day confirmed that Council officers were monitoring the situation closely, including community complaints. Mr Day noted that officers were actively assessing the situation and considering recommendations to implement some further temporary parking restrictions in affected areas.

Cr Conlon asked for information about the community's response to notifications that they would be contributing more to the fire levy, as part of this emergency services fund. Cr Conlon queried what actions Council was taking in response to that feedback.

Mr Andrew Day, Chief Executive Officer thanked Cr Conlon for his question and confirmed that community members had reached out following the issuing of the rates notices, which was common at this time of year. Mr Day said that there was increased awareness this year, particularly after Council highlighted the state government charges, something many councils chose to do in this round of notices.

Mr Day shared that one major concern from residents was the significant rise in the Emergency Services and Volunteer Levy, and the flow-on effect it had on their rates bills and overall cost of living.

The second issue raised was confusion and concern about Council's role in collecting fees and charges on behalf of the state government. Now that more residents were aware of this, some were questioning why council was responsible for that part of the process.

The third point related to advocacy and specifically, what Council was doing to speak up about these issues. Mr Day noted that Council had been focused on providing clear information to the community and was actively supporting the Municipal Association of Victoria (MAV) in its campaign and advocacy efforts to the state government and relevant ministers.

Mr Day acknowledged that this was a statewide issue, with regional areas being hit particularly hard. Mr Day again thanked Cr Conlon for raising this matter.

Mayor Diamante noted that residents of Applewood Court, Doncaster were extremely concerned about the traffic lights on Tram Road, directly outside the property. Mayor Diamante had received reports that motorists had been running through the lights, leading to multiple near-misses. Mayor Diamante asked what actions Council was taking to advocate to the Department of Transport and Planning (DTP) regarding this serious issue.

Mr Anton Peiris, Acting Director City Services thanked the Mayor for her question and responded that the traffic signals on Tram Road near Applewood are managed by the Department of Transport and Planning (DTP). Council has reviewed the traffic signals, and whilst it adheres to relevant standards, Council has raised the concerns of the Applewood Residents Committee with DTP. Council will continue to advocate for improvements at our next meeting with DTP on 28 August 2025. Council is also communicating with Police asking for additional patrols of the area.

Mayor Diamante raised a question relating to the North East link and it's correlation to the Juventus Soccer Club, which runs parallel to the Eastern Freeway. The Juventus Soccer Club have requested an increase in the height of the sound wall, as it was meant to be 10m. However, it has now been reduced to between 8m - 9m, because it's a triangular height. Mayor Diamante expressed that as there are no trees, there is a higher likelihood of soccer balls falling onto the freeway.

Ms Julia Jenvey, Acting Director City Planning and Liveability thanked the Mayor for her question and responded that with regard to the North East Link Project freeway widening, officers and Manningham Juventus have raised concern to the North East Link Project team regarding the new safety concerns at Park Avenue Reserve.

Increased risk has been identified due to the changes with the Freeway infrastructure being built closer to the sports field.

This has been further exacerbated by the NELP tree removal adjacent to the soccer field, which previously provided a natural buffer to stop and slow the soccer balls from entering the freeway. These new conditions increase the chances that soccer balls will land on the freeway, and with high volumes of traffic and high speeds, there is cause for safety concerns.

The current NELP design does not allow for ball stop fencing or netting in this location, which is what you see further down along the freeway for the Golf Courses and also what NELP provided for other sporting sites along the project corridor.

Officers have requested that NELP undertake an assessment specifically for Park Avenue Reserve to assess the increased risk that has been caused by the new conditions from the NELP freeway widening and to ensure that the project mitigate the impacts. An onsite meeting has also been requested, and Council is awaiting a response from the project team.

Mayor Diamante raised concerns about the proposed plans to use Hender Street, as the Doncaster Road on-ramp to the Eastern Freeway. Mayor Diamante did not believe this is acceptable from a safety perspective or amenity perspective. Mayor Diamante asked for an officer response on Council's advocacy in regards to these two issues.

Ms Julia Jenvey, Acting Director City Planning and Liveability thanked the Mayor for her question and responded that as part of the ongoing upgrade to the Doncaster Road bridge, the Bourke to Tram Alliance (BTA) will commence construction of the temporary outbound on-ramp (T2 Ramp) in September 2025, with works expected to continue through to the end of 2025.

The entry point for the temporary on-ramp will be located at the intersection of Doncaster Road and Hender Street, following the alignment of Hender Street up to Finlayson Street, and then passing through the existing Doncaster Park & Ride (DPR) site.

As a result of these works NELP have communicated to Council and the community that, local traffic will no longer be able to enter or exit Hender Street via Doncaster Road; all local traffic will be redirected through the surrounding local road network, including Pettys Lane and Harcourt Street; and vehicle access to several properties will be restricted, with alternative parking arrangements to be offered for these impacted properties.

We are highly concerned about the impacts that this arrangement will have on local residents in relation to noise, access, safety and general amenity due to the close proximity of the temporary ramp to residential properties, and the changed access arrangements. We also have significant concerns in relation to traffic impacts for the local street network between Hender Street and Pettys Lane, and continue to request that NELP provide traffic modelling data to demonstrate no unreasonable impacts.

Officers have formally raised these issues with NELP through multiple avenues and continue to advocate for improved measures or an alternate arrangement to minimise impacts to residents.

17 CONFIDENTIAL REPORTS

There were no Confidential reports.

The meeting concluded at 8.21pm.
